

VOLUME LV.

TROOPS READY TO MARCH  
ACROSS MEXICAN BORDERNO REPETITION OF INCIDENTS  
OF YESTERDAY IN FIGHT-  
ING AT AGUA PRIETA.

## BIG BATTLE IS EXPECTED

Forces Are Gathering Again and Con-  
flict May Come At Any Time.—  
U. S. Will Send More Soldiers  
To Douglas.

(BY UNITED PRESS.)  
Washington, April 15.—Repetition of fighting by insurgents on American citizens at Douglas, Arizona, will be the signal for invasion by the United States troops, if intervention is not ordered before that time. Orders dispatched to the borderland troops today after an all night session of the war department make this certain. It is plainly evident in the general opinion war is in the balance with all Europe looking on. President Taft is plainly worried over the situation today.

**Rebel Reinforcements.**  
The President was informed this afternoon that 1,200 troops had joined the rebels at Agua Prieta, making the force in the town about 1,500.

**Battle Expected.**  
Douglas, Arizona, April 15.—1,400 federal troops under Colonels Oeda, Diaz, and Duran are today reported marching against the town of Agua Prieta, which was captured by insurgents. A battle is expected before tonight.

**Commander Ready.**  
Douglas, Arizona, April 15.—If a single bullet from the expected engagement at Agua Prieta today bursts the Mexican border and crosses the Mexican line American troops will at once intervene in the trouble. This ultimatum was delivered today by the commander of the American troops here.

**Will Send More Troops.**  
(BY ASSOCIATED PRESS.)  
Washington, April 15.—Following a conference at the White House today between President Taft, Secretary Dickinson and General Wood, it was announced that four more troops of cavalry will be ordered to Douglas, Ariz., to assist the troops now there in protecting Americans and prevent if possible the repetition of the Thursday night during the impending battle at Agua Prieta.

**Action Sanctioned.**  
London, April 15.—Pres. Taft's action in the Mexican situation is sanctioned by British diplomats and military experts who are a unit in declaring that the United States must intervene in Mexico without delay although war may be necessary.

**To Demand Recognition.**  
Washington, April 15.—It was announced by the revolutionary junta that formal demands will immediately be made that the United States recognize the Mexican insurrectionists as a revolutionary government with a national capital at Agua Prieta. The demand will be based on the capture of the Custom's House.

**Deny Reports.**  
London, April 15.—Both foreign office and admiralty deny all knowledge of the reported landing of marines from a British warship at San Quentin, Lower California, last Tuesday, reported in last night's dispatches. They also say the commander of the vessel reporting his arrival at San Diego made no mention of the San Quentin incident.

**Iowa Troop Starts.**  
Washington, April 15.—The entire sixth cavalry at Des Moines, Iowa, of eight hundred men, was ordered to Arizona by the war department late today.

TEDDY MAKES SHORT  
SPEECH AT DEPOT"De-lighted" Said Roosevelt, As Special  
Pauses for Short Time on  
Way From Madison This  
Afternoon.

Our only living ex-president, Theodore Roosevelt, fresh from his round of speech-making in Madison this morning, passed through this city this afternoon, arriving on the North-western at 2:20 in a special car, accompanied by his private party and some of the railroad officials, he left at 2:25 for New York by way of Chicago.

When the train pulled into the station the track was lined on either side by an anxious crowd of about four hundred people, who, as the special moved farther down past the station followed and gathered about the round of the car, to greet what the distinguished ex-president might have to say. Upon stepping upon the rear platform of his car he was greeted by a cheer from the crowd and several veterans of the Civil war pressed forward and shook hands.

The short space of time allowed him by the stopping of the train did not permit him a lengthy speech, but it was just long enough for him to pay a nice compliment to the ladies in the throng and to emphasize the fact that he was "de-lighted" to see so many of the little ones present, stating that "You know what my sentiments in that regard are."

"My visit to Wisconsin," he said, "and especially to the capital, has afforded me great pleasure. In coming to this state the one thing that has impressed me above all else, is the fundamental uniformity of the standard of citizenship all over the nation. From one end of the country to the other, I am greeted by the same crowds that speak well for this standard."

"I am glad to see so many men, women and children here today, and you know what my sentiments in regard to the latter are. I have been deeply impressed by the state as a whole and by the public institutions, especially those of an educational nature."

At this point the train started to pull out of the station and amid the cheering of the people and waving of hats, "Teddy" left for his home state.

DEMOCRATIC HOUSE  
BEGAN WORK TODAY  
ON RECIPROCITYCertainty of Enactment Into Law Is  
Assured—Kitchin Scored Repub-  
licans and Declares for  
Taft.

(BY UNITED PRESS.)  
Washington, April 15.—The new democratic house today began its formal consideration of President Taft's Canadian reciprocity agreement with the certainty of enactment into law. Rep. Kitchin (Dem., N. C.) opened the general debates in a ringing speech on democracy principles. He hurled a bitter rebuke at the republicans and declared the democrats would stick by Taft because the President was in the right.

**Reference Bureau.**  
A legislative reference bureau, the chief duty of which would be to assist members of congress in the preparation of bills, is provided for in the bill introduced today by Representative Nelson of Wisconsin.

ARGUMENTS ENDED  
IN MINING CASEJudge Swan Has Taken Under Advi-  
sement Petition To Prevent Con-  
solidation of Copper Mining  
Companies.

(BY ASSOCIATED PRESS.)  
Detroit, Mich., April 15.—Arguments in the Calumet and Hecla Copper mining consolidation case which have been in progress before United States District Judge Swan for three days, were concluded this afternoon. Judge Swan took under advisement the petition of C. M. Hynes of New York, who asked for a temporary injunction to prevent the consolidation of the Calumet & Hecla, Osceola and eight other copper mining companies. Briefs will be filed by attorneys for the respective sides next week.

BRODHEAD STUDENTS  
IN ANNUAL CONTESTMiss Mary Chase Was Winner in  
Declamatory and Laube Searies  
in Oratorical Contest  
Last Night.

(SPECIAL TO THE GAZETTE.)  
Brodhead, April 15.—The oratorical and declamatory contest held in Brodhead's opera house last evening drew a fair-sized audience which listened to a good program. The orchestra furnished some fine selections and the vocal by Miss Gladys Perero was happily received. Following are the names of the contestants:

Declamations: Ruth Blake, Marjorie Skinner, May Chase, Mercedes Wilson.

Orations: Lee Menor, Carl Brodhead, Laube Searies, Marvin Goul, George Keen.

In the oratorical contest Laube Searies won first place and will represent the school at the league contest in Stoughton, April 28, while Lee Menor won the second place. In the declamatory contest Miss Mary Chase won the first place and also represents the school at Stoughton, April 28, while Miss Ruth Blake took second place.

**Personal.**  
Mrs. Van Skike and daughter, Miss Van Skike, Mesdames Fred Wurm and Wm. Douglas spent Friday in Janesville.

Walter McIlwaine of Juda had business in Brodhead on Friday. Albert Kenney of Oshkosh was a business visitor in Brodhead, Friday. M. M. McDonald went to Janesville, Friday, on business matters. Mrs. Sarah Wooder went to Janesville on Friday to spend the day with their brother, Capt. C. D. Wooder, at the hospital.

Miss Marie Rumpolz of Juda was a Brodhead visitor on Friday. The Misses Ella and Dorothy Boat of Milton Junction came over from that place Friday to visit their sister, Mrs. Oscar Norman, for a short time. Mesdames D. C. Collins, J. C. Berryman and S. L. Cutler attended a meeting of the Lumbermen's club in Juda on Friday.

Mrs. Elliott of Janesville, who has been the guest of her brother, Wm. Wilkinson, and family, returned home on Friday. Mrs. Edna Pengra returned Friday to her home in Janesville after a short visit with her parents, Mr. and Mrs. M. L. Pengra.

Miss Lottie Presteg of Juda is the guest of her uncle and aunt, Mr. and Mrs. W. S. Pengra.

Mesdames Wm. Wilkinson and L. W. Terry spent Friday in Janesville. Mrs. A. J. Schneider of Monroe is the guest of her mother and sister, Mrs. and Miss Newcomer.

JANESVILLE COUPLE  
WEDDED IN ROCKFORDRay E. Fish and Miss Katherine E.  
Mick Were Married in Forest City  
This Morning.

Ray E. Fish who resides at 233 Chatham street, and Miss Katherine E. Mick, 618 Caroline street, left on an early train for Rockford this morning and were married there at high noon. They departed on a brief wedding trip to Chicago and Milwaukee and will be at home to their many friends here after April 22nd, at 618 Caroline street.

The young people are well known in this city and have both lived here a number of years past. The groom is employed here as chauffeur and is successful in his work.

ALL READY FOR THE EASTER PARADE.

TREASURER'S ACTION  
SUSTAINED BY COURTJudge Stevens of Circuit Court De-  
cided Dahl Acted in Good Faith  
In Surrendering Securities  
of State.

(SPECIAL TO THE GAZETTE.)  
Madison, Wis., April 15.—Judge Stevens of the Circuit court late yesterday afternoon decided that state treasurer A. H. Dahl acted in good faith when he surrendered securities of the value of \$50,000 to Wisconsin Savings Loan and Trust Company of Hudson and that he cannot be held liable for the act.

The case was that of Henry T. Sheldon, receiver of the Trust Company, through his attorneys, Richmond, Jackson and Swenson, brought the action in behalf of the creditors of the company. He charged in the complaint that Mr. Dahl had wrongfully surrendered the securities to the Bankrupt Trust Company.

MONSTER LOAN TO  
CHINA IS SIGNEDLong Looked For Loan of \$50,000,000  
Goes To China For Establishment  
of Monetary System.

(BY UNITED PRESS.)  
Peking, China, April 15.—After many delays the \$50,000,000 loan agreement for the establishment of a uniform currency system in China was signed today. American, French, English and German financial groups are behind the loan.

HYDE PROSECUTORS  
HAVE LEARNED AIDSenator Reed To Be Lined Up With  
Prosecution in Second Trial  
of Doctor.

(BY UNITED PRESS.)  
Kansas City, Mo., April 15.—U. S. Senator James A. Reed of Missouri, will aid the prosecution in the second trial of Dr. B. Clarke Hyde, charged with the murder of Col. Thomas S. Reed. Reed was engaged by the scope fund which hoped to convict the physician a second time.

TWO DROWNED WHEN  
CANOE OVERTURNEDThe Tricky Canoe Claims Two More  
Victims in Superior High School  
Lads Yesterday.

(BY ASSOCIATED PRESS.)  
Superior, Wis., April 15.—Lowell Beglinger and Chester Adams, two Superior high school students, were drowned yesterday in Lines Lake near Gordon, Wisconsin, when their canoe was upset by a windstorm.

Still Searching.  
Up to noon today no recovery has been made of the bodies.

UNKNOWN MAN WAS  
STRUCK BY TRAINUnidentified Man Fighting For Life  
With Fractured Skull in Mil-  
waukee Hospital.

(BY UNITED PRESS.)  
Milwaukee, April 15.—Struck by a train here last night a man evidently about thirty-five years of age is fighting against death with a fractured skull at the Emergency hospital today and police are searching for his relatives. The name "Stavovitch Kostin" tattooed on one arm was the only clue presented. He was well dressed.

ELOPING COUPLE MARRIED  
IN CHICAGO TODAY

(BY ASSOCIATED PRESS.)  
Chicago, April 15.—Florence J. Lewis, aged 16, and Alexander Alho of Marinette, Wis., were married here today after eloping from Homestead, Pa.

ROOSEVELT FAILED  
TO STATE OPINION  
AS TO CANDIDATESMade No Reference To Presidential  
Possibilities But Praised La Fol-  
lette and Wisconsin As Pioneer  
Progressives.

(BY UNITED PRESS.)  
Madison, April 15.—Addressing the state legislature at 10:01 a. m. Colonel Theodore Roosevelt failed to mention the name of Pres. Taft or make any reference of the coming Presidential campaign. He however paid a high tribute to Wisconsin as the pioneer in the progressive movement and lauded Sen. La Follette as the leader in the movement. The reference to La Follette was greeted by thundering cheers from the state senators and spectators crowded in the assembly chamber.

Roosevelt paid a high tribute to the university of Wisconsin on the position it had taken in the forward movement during it had held a place unique throughout the world.

**On Panama Canal.**

Referring to present congressional investigation in connection with himself and the purchase of the strip of land on which is being built the Panama Canal, "The canal investigation until they were back in the race just as they kept on digging."

In his address the Colonel made reference to the necessity of conservation of water-power and proper election of U. S. Senators.

In introducing Colonel Roosevelt prior to his address before the legislature, Lieut. Gov. Morris lauded the ex-president for his "square deal" policy. After exemplifying Wisconsin as the true home of progressivism, the lieutenant governor said in part: "It was Wisconsin and her leadership and the roll call that drove from the congress of the United States, Aldrichism and Cammerism, and recently placed upon important committees of the senate and of the house, men whose every official act will be responsive to the will of the people."

PROMINENT BELGOT  
MAN DEAD IN SOUTHDavid H. Pollock, Prominent Druggist  
and Business Man, Passed Away  
in Orlando, Florida.

(BY UNITED PRESS.)  
Beloit, Wis., April 15.—David H. Pollock, 51 years of age, for many years a prominent druggist, alderman and president of the Beloit Savings Bank, is dead at Orlando, Florida, according to a telegram received here this morning. He went south for his health but found no relief.

You Can Get A Good  
Laundress If You'll  
Advertise

She may read them every day—she may read them but once a week. BUT, SHE READS THEM—you can be sure of that. Try an ad for a week. It will be there when she reads the want ads. If it is your problem is solved. If it isn't, you've still got your problem—and your same kind of laundry work.

Some time, in the course of a few days, or of a fortnight, the laundress who can do your work in the way you require and who would be worth more to you will read the want ads in this paper.

The problem in getting a capable laundress is to find the ONE—and there are but few—laundresses who can do the work the way you want it done.

JURY DISAGREED IN  
JEFFERSON CO. CASEVeniremen in Murder Trial Reached  
Judge Grimm Could Not Reach  
Verdict and Were Dis-  
charged.

(BY UNITED PRESS.)  
Jefferson, Wis., April 15.—After having been out for twenty hours the jury in the case of John Kitz charged with the murder of K. F. Sherman, a wealthy stock buyer here, in December 1910, reported at 10:00 o'clock a. m. and informed the judge they could not agree. The jury was discharged. The defendant was ordered to appear at the fall term of the court.

BITE OF PET DOG  
IS PROVING FATALMan Bitten By Bull Dog Seven Months  
Ago Is Dying of Hydrophobia  
in Peoria Hospital Today.

(BY UNITED PRESS.)  
Peoria, Ill., April 15.—Bitten seven months ago by a pet bull dog, C. E. Pringle, 28 years of age, a city fireman of Galesburg, is dying today of hydrophobia. He was stricken suddenly while eating supper last evening and was removed in a straight jacket to the police station. Physicians say no treatment can save his life.

TRAINING SCHOOL  
COMMITTEE MEETSMuch is Accomplished at Meeting  
Here This Afternoon Towards  
Perfection of School.

Some important strides towards the perfection of the plans of the Rock county training school for teachers were taken this afternoon at the meeting of the committee in the office of County Superintendent Antsied. Besides the latter, there were present: Carl Cleveland of Beloit, Charles E. More of Magnolia and Principal F. J. Locky of Evansville.

It was decided that Mrs. Georgia Hyde of this city would have charge of the music during the summer session and in case of the success of the plan was to be retained permanently on the faculty in this capacity. This has reference to the six weeks' session planned for this coming summer.

The committee also prepared an estimate of the cost of fitting up the necessary rooms for the school, so that some kind of a report might be ready for the county board at their coming meeting. All of the outfitting of such rooms were considered and the amount that would be needed was computed.

The course of study for the school was set according to how to the state superintendent for his approval and was just recently returned with the commendation of the latter. Following the receipt of this, the committee will have printed catalogues, outlining the different courses of study, in order to advertise the school and to make the people of the county acquainted with the work that will be done.

WELL KNOWN LEGAL  
FIRM DISSOLVESO. A. Oestreich to Leave Firm of  
Fisher & Oestreich to Join Messrs.  
Jeffris, Mount and Avery.

Announcement is made today of the dissolution of the law firm of Fisher and Oestreich, the change to take effect immediately. John L. Fisher, the senior partner will continue the business alone. O. A. Oestreich, who leaves the firm, will become a partner with the Messrs. Jeffris, Mount & Avery, taking the place of the late William Smith. The name of the firm will be changed to Jeffris, Mount, Oestreich & Avery.

**Auto Burned.** The fire department was called out this afternoon to extinguish a fire which burned W. J. Hill's automobile at Riverside and South Jackson streets.

HILL'S RETIREMENT  
IS REGRETTED BY  
GERMAN OFFICIALSRelations Between American Ambassa-  
dor at Berlin and German  
Officials Have Been  
Most Cordial.

(BY ASSOCIATED PRESS.)  
Berlin, April 15.—The retirement of American Ambassador Hill is regretted at the foreign office, where relations between government officials and Hill have been of the very best. It is felt here that Hill has done much

Dr. David Jayne Hill.

to further German-American friendship. Particular attention is called in official circles to the fact that relations between Emperor William and Hill are most cordial.

The rumor that the German ambassador at Washington is simultaneously resigning is emphatically denied at the foreign office.

Eggs, fresh—12c to 11c.  
Potatoes—35c.

ROOSEVELT GUEST  
OF STATE TODAYTHROUGH GOVERNOR AND LEGIS-  
LATORS DURING SIX HOUR  
STAY IN MADISON.

## GYMNASIUM WAS PACKED

Welcomed at Depot by Cheering  
Crowd—Visits Capitol and is  
Greeted by Record Throng  
in Gymnasium.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., April 15.—Col. Roosevelt was the guest of the state of Wisconsin, through its representatives the legislature and governor, for six and one-half hours today, during which time he was feasted and toasted and otherwise accorded a true Wisconsin welcome. From the time of his arrival from St. Paul at 7 o'clock this morning until, surrounded by Wisconsin progressives, he left for Chicago on a special train at 1:30 this afternoon, the former President was the center of attraction for thousands. No hall in Madison was big enough to accommodate the throngs that came to see and hear the colonel. After the reserved seat tickets to the gymnasium had been dispensed, what few seats were left were grabbed by fortunate ones in the great crowd that stormed the doors of the gymnasium at an early hour.

With the colonel came his secretary, Frank Harper. As the colonel's staff went forward from the railroad car, a cheering crowd gave vent to a welcoming cheer. The party was escorted to an automobile, and accompanied by Lieut. Gov. Morris, Speaker Ingram, Gov. McGovern and the committee on reception, in other automobiles, was driven to the executive mansion, where the entire party breakfasted as the guests of Gov. McGovern.

Guests at the breakfast included Chief Justice Winslow, former Gov. Davidson, Lieut. Gov. Thomas Morris, Speaker C. A. Ingram, President Van Hise, Prof. J. E. Olson, Col. Duncan McGregor, Senators John S. Donald, H. C. Martin and A. W. Sanborn; Assemblymen C. A. Harper, J. C. Gilbertson, W. H. Bell, M. O'Connor, E. C. Stern, A. J. Ploymann, Prof. L. E. Reber, E. E. Doty, William Kittie, and Frank Harper, secretary to Col. Roosevelt.

At 8:50 o'clock the party was conveyed to the capitol, entering through the west wing entrance. There the joint assembly was found in waiting in the assembly chamber. The galleries, which were opened to the public, had long before been pre-empted. One had been reserved for capital employees. Besides members of the legislature, justices of the supreme court and their wives, the guests included members of the Saturday Lunch club, a progressive organization, and some other invited ones.

Speaker Ingram called the joint convention to order and handed the gavel over to Lieut. Gov. Morris, who in a few well chosen words presented the guest of honor. Then followed an informal reception for all present, who were presented to the guest. Automobiles then conveyed the colonel and committee and the statehouse party to the gymnasium, by way of the north wing. Not an available place for standing room was left when the colonel, in the midst of wild cheering, was escorted to the platform of the gymnasium and presented to the audience by Gov. McGovern. With the colonel on the platform sat Gov. McGovern, former Gov. J. O. Davidson, Chief Justice J. B. Winslow, Speaker Charles A. Ingram, Lieut. Gov. Thomas Morris, Senators A. W. Sanborn, John S. Donald and H. C. Martin; Assemblymen H. O'Connor, J. C. Gilbertson, C. A. Harper, W. H. Bell, Eric Stern, A. J. Ploymann, President Charles R. Van Hise and Prof. J. E. Olson, Mayor J. C. Schuchert, William Kittie, Frank E. Doty and L. E. Reber.

So great was the demand for seats within the gymnasium that an overflow meeting was decided upon, and at Assembly hall the colonel spoke briefly to another great audience.

After this address the party proceeded to Lathrop hall on the university campus, where, to the number of 400, including wives of most of the officials and their men attending, a luncheon was served under the auspices of the Saturday Lunch club.

CLERKS ANGERED AT  
LEADER'S DISCHARGETwin City Mail Clerks Will Demand  
That Carl C. Van Dyke, Who Led  
Unionization Move, Be  
Reinstated.

(BY UNITED PRESS.)  
St. Paul, Minn., April 15.—Twin City mail clerks will hold a secret meeting today and demand that Postmaster General Hitchcock reinstate Carl C. Van Dyke, discharged yesterday from the service for his activities in planning an affiliation in the newly formed union of clerks with the American Federation of Labor. If the demand is refused a strike will be declared.

NAVIGATION OPENS  
ON GREAT LAKESBig Lake Steamers Left Milwaukee  
Today To Start Season's Work  
At Grain and Coal Ports.

(BY UNITED PRESS.)  
Milwaukee, April 15.—With the opening of navigation on the Great Lakes promptly at midnight, scores of craft slipped their moorings after being docked through the winter and headed northward for the grain and coal ports, 81 vessels which still remain in port will join the first flotilla on May first.

**County Board Meeting:** The replies to the requests sent out by the county clerk have been received in sufficient numbers to warrant the calling of the spring meeting of the new county board for April 18, at 2:30 o'clock. The new board will meet at this time.

## Red Cross Shoe

Another beautiful Red Cross model for Spring.

It fits at every point, supporting the foot perfectly so as to remove all strain. Its sole bends with the foot, entirely preventing the smarting and burning stiff soles cause.

The Red Cross Shoe never needs any "breaking in." You can put it on in our store and wear it home, it is so easy to walk in.

Price \$3.50. Send for style booklet.

## SUSPENDER SALE

A rare value in men's suspenders.

We were offered an opportunity of buying a lot of 500 suspenders, made up with gilt metal trimmings instead of the fancy pearl trimmings. The vests are first-class, blue, white, all colors, made with fine leather ends to match. We purchased ten dozen of these and have placed them on sale at 25c a pair. These are of exceptional quality.

Strong work suspenders, regular crossback or police style, heavy, pliable leather ends, give excellent service, at 25c a pair.

Extra strong work suspenders, double strength, elastic, best leather ends, at 50c a pair.

"President" suspenders at 50c a pair.

HALL &amp; HUEBEL

Little Foreign Trade in West China.

The amount of foreign goods consumed by the millions of West China is small as compared with the size of the population. Until the means of transportation are improved, that is, until this section of the empire is brought into touch with the outside world, but little improvement may be expected in foreign trade opportunities in West China.

Country of Hunchbacks. Spain has more hunchbacks than any other country.

Positions and Best Talent in City  
Will Be Out.

Sunday will see the first getting together of the baseball players who are to form the city baseball team, weather permitting. Manager Walter Breen has made arrangements to get out some of the best local pastime on that day and possibly the out of town

MANAGER WALTER BREEN OF  
THE LOCAL BASEBALL TEAM.

men who are to form a part of his playing squad this year will be present also. A practice game will be played at the Fair Grounds.

Breen has been active early and late and is working hard to get the best men possible for his nine. In his scouting he has made what appears a good "find" in the person of Harlow Clark. Clark came to this city recently to take employment here with an express company. He has played baseball for some time and is no green horn at the business. The third sack or a place in the outfield are his specialties.

Hitting ability, a quality quite necessary to the make-up of a baseball artist, is not lacking in Clark.

The Janesville team will play its first game here on Sunday, April 30, an exhibition match with the Madison team of the Wisconsin-Illinois League. Manager Breen goes to Rockford next Tuesday to meet with the managers of five other baseball nines to discuss the proposition of the formation of a Trolley League. The six teams which it is proposed to include in the league are: Janesville, Beloit, Rockford, Freeport, Belvidere and Elgin.

Janesville Cubs. The Janesville Cubs, city champions of last year, will hold practice tomorrow afternoon at Athletic Park. The regulars of last year will be out for places again and there are a number of new recruits who are after the vacancies. Borer will probably be the regular man on the mound, with Abraham and Green for use in case of emergency. Doran, the captain, as usual, will catch and Hemmings, manager, will play first base. Sullivan appears to be the likely winner of the place on the second sack with Abraham playing third when he is not in the box for the Cubs. Porter will probably be designated as shortstop. Positions in the outfield have not been settled upon yet, but there are several candidates out.

Manager Hemmings is seeking games with other teams and would be glad to correspond or make terms with any who desire to play the Cubs. It is hoped and expected the team will make as good a showing this year as last. Out of sixteen contests in which the Cubs participated they were successful in eleven. The squad was composed of young players between the ages of sixteen and twenty, the oldest member being possibly twenty-two. They played fast ball and defeated nines made up of older men than they.

Commercial League. Matters in the Commercial League stand practically the same as before. The board of directors has not met yet, although a conference will probably be called within a few days. Work on the grounds of the league, Athletic Park, has been commenced and they are being put in shape for the season. The diamond is being fixed up for the opening game, the date of which has not been settled upon, and repairs are being made on the fence. The grandstand will also receive attention at the hands of the carpenters and the roof will be extensively repaired.

Issues Challenge. The Beloit Cattle Hill Amateur Baseball club, city champions of Beloit in 1910, will reorganize this year. Through their manager, George Seaton, 127 Portland avenue, they issue a challenge to all amateur teams.

## Indoor League.

Things are coming along finely in the indoor baseball leagues at the Y. M. C. A. Besides the four A Junior teams, three squads have been picked from the B Junior class and a schedule of games arranged. The young members are taking up the sport with enthusiasm and practice games or "work-up" are played previous to the assembling of the classes. The players on the various teams are as follows:

A Juniors. Nelson Horn, captain; Willie Fern, Robert Hogan, George Casaday, Ed. Jones, E. Allen, Charles Bluss, Charles Hoague, and Maurice Russell.

Rosa Lowry, captain; Eugene Rich, Hallett Day, Marlet Owen, Willard

Skelly, Arthur Amerpohl, Lawrence Wright, Norman Carlo, and Barlow Spoon.

Arthur Welsh, captain; Ralph Morse, August Manning, Henry Kennett, Hector Blaskale, Jake Manning, John Gramke, Grey Buchanan, Alfred Schorr, and Leon Jones.

Allen Taylor, captain; James Harris, George McCue, Dean Kimball, Walter Williams, Harry Williams, Elbert Kennett, Charles Sayles, Harold Downs and Harold Lawson.

## B Juniors.

The three B Junior squads are composed of the following:

Maurice Dalton, captain; Harold Stickney, James Dixon, Tracy Allen, Edward Schenk, Paul Richards.

Ray Garbutt, captain; Charles McKelue, Forest McGrooy, Winfield Ray, Roy Ryan, Frank Blodgett, James McCue.

Raymond Mason, captain; Victor Blaskale, Lewis Hayes, Wallace Ransom, Dewitt Miller, Stanley Garbutt, Sherwood Sheldon.

## Gun Club.

Some very good scores were made by the members of the Janesville Gun club at the practice shoot held at the Fair grounds yesterday afternoon. A bad wind tended to interfere with the accuracy of the trap shooters, but in spite of this disadvantage the scores were remarkably accurate. The high scores were thirty-five out of fifty shots, three men tying on this score. Others ranged between twenty-seven and thirty-five.

## Automobiling.

Several plans for the entertainment of the visiting automobilists who come here on the reliability run of the Chicago Automobile club and the Chicago Athletic association on the night of June fifteenth are under consideration. None, however, have been settled upon as yet but a meeting of the joint committee of the Janesville Automobile club and the Industrial and Commercial club will be held at eight o'clock Monday evening in the Gazette office to discuss matters.

The pathfinder car of the run is expected in the city some time next week. A letter received from the gentlemen who will come here with the pathfinder states that as soon as the roads become more settled they will start from the Windy City. Their departure from Chicago for this city, it is expected, will be announced by a telegram from the gentlemen on the day on which they start.

## Relay Race.

Plans for the relay race between Janesville and Beloit by teams representing the local and the Line City Young Men's Christian associations are practically complete as to details except that a definite date has not been set. It is anticipated that the event will take place the first of May, as the members of the Beloit Y are working for an exhibition. The start will be made from Beloit, each runner covering a mile.

JANESVILLE YOUNG  
MAN THE BUILDER  
OF AN AEROPLANE

Clark Stewart, A Chauffeur, Has Built  
Parts and Framework is Ready  
For Assembling.

Aeronautics as a pastime are not likely to become popular in this city for some time to come, yet it is interesting to know that within the city there is in process of construction a bi-plane similar to those built by Glenn Curtiss, the famous aviator. Clark Stewart, a chauffeur employed by A. J. Harris, is the builder and he expects soon to have the framework put together and commence the finishing touches on the machine.

Through reading articles in newspapers and magazines and having witnessed an exhibition flight Stewart became interested in the sport and, seeing the plan for such a machine in a magazine, he undertook to build one himself. He started the work early in the winter and at spare moments has continued it. The framework was completed and put together, but a flaw was found in the make-up, which has necessitated taking it apart. No harm, however, was done to the various parts and Stewart expects to have it rebuilt soon.

The proposed aeroplane will be full size, each of the two main planes being thirty feet by four and a half feet in dimensions. The frame is built of spruce, the struts of the main frame being 1 1/2 by 1 1/2 inches and the cross-brace, 1 1/2 by 1 1/2 inches. Each stick is made of quarter inch pieces of spruce, bent to the required length and then sawed to the right length. The covering for the planes will probably be a good quality of linen stretched over a thin wire and motorized spokes will be used for the braces and cross-props.

A thirty-five horse power auto engine, of the lightest and most service-

able kind procurable at a reasonable price will probably be used to propel the machine.

Stewart is about twenty-two years of age and came here from Rockford. He is quite clever as a mechanic and built a miniature model of the airplane, perfect in its design, before he started the work on the big machine.

## SPORTS.

Opening Day in Southern League. Atlanta, Ga., April 15.—The Southern League starts its championship season today with Mobile playing at New Orleans, Montgomery at Birmingham, Nashville at Memphis and Chattanooga at Atlanta. The clubs this year appear evenly matched, with all the managers optimistic about their chances for the pennant. The season will continue until September 16, the schedule providing for 140 games.

Illinois Pin Tournament. Chicago, Ill., April 15.—Knights of the Temple from all of the Chicago clubs and from a number of other cities and towns throughout the state gathered here today for the opening of the fourteenth annual tournament of the Illinois Bowling Association. The play will continue through the coming week and will decide the State titles for five-man teams, two-man teams and individual bowlers. The association officials are looking forward to the most successful tournament in the history of the organization.

Interest in McFarland-Murphy Bout. New York, April 15.—After a temporary lull during the Lenten season, the boxing game in the metropolis will get into full swing again next week. The calendar for the week is one of the best filled of the entire season. More than two-score bouts that will bring together fighters of more or less prominence are slated for decision at the various clubs in Greater New York. The most promising contest is that to be staged by the Fairmont A. C. Tuesday night, when Puckey McFarland and Tommy Murphy come together for a ten-round go.

The several postponements of this contest have served to increase the interest of the fight fans and the club expects a record-breaking crowd at the ringside.

## Fights Scheduled for Tonight.

Young Mahoney vs. Billy Ellison, 10 rounds, at Rialto, Wis.  
Boys vs. Jack Leonard, 10 rounds, at New York.  
Monte Attell vs. Jimmy Dunn, 10 rounds, at Pittsburgh, Pa.

"HIGH" IS DEFEATED  
IN THE FIRST GAME

Milton College Wins From High School in First Game of Season  
In 5 To 3 Contest.

(SPECIAL TO THE GAZETTE.)

Milton, April 14.—Milton college and Milton high school played the first of a series of three baseball games here today for the local premier honors on the diamond. The high school scored first, but the college men came right back and tied it up in their half of the inning. The game was evenly contested throughout. The college men succeeded in getting a lead of one run in the fifth and got out of several "holes" when the highs threatened to score. The game ended 5 to 3 in favor of the older men. Crandall, one of last year's star high school pitchers, twirled against his old teammates in a masterly fashion, while the highs tried out a new pitcher, Randolph, who held the college men even terms for four innings. Miller finished the slab-work in his usually effective manner. The college team wore their new gray uniforms and are pleased at winning under this usual condition. The second game of the day will be played next Tuesday, and will be even more hotly contested than today's.

FANS WATCH FOR  
BASEBALL SCORES

Much Interest Manifested in the Announcement of Outcome of Games As Posted in Gazette Window.

Wednesday saw the opening of the baseball season in the major leagues and the fans are now watching the outcome of the games to see what success their favorite team is achieving. The first games always attract the interest of the "bugs" who "dope out" the final outcome of the season's games from the early contests. Janesville has a large number of followers of the game, men and women, too, who are interested in some particular nine. With some it is the Chicago Cubs or the White Sox, while others pick some other team of the big leagues. Since the opening of the season the scores of the various games have been posted in the window of the Gazette office. From the start they have attracted attention and the announcement of who played and who won is especially awaited. Others, to whom the office is not convenient, receive the scores at the various places about town where they are posted.

## Baseball Schedules.

Many who follow the game like to know beforehand where the teams play each day. A schedule is necessary for this and for the convenience of those who desire them, the Gazette

publishing company has printed cards with the schedules of both the American and National leagues. These will be given free to all who will make a request for them at the Gazette office.

WILL HYDE LEADER  
ON WINNING TEAM

Janesville Boy Aided in Victory of Beloit College Freshmen in Debate With Grinnell College.

Will Hyde, of this city, was the leader of the Beloit college freshmen debating team which won the first Beloit debate of the season from the Grinnell college, Iowa freshmen at Beloit last evening. It was a most brilliant contest and was keenly fought with the advantage on neither side until the rebuttal speeches were finished. The question debated was regarding the open shop, and the decision was two to one.

Hyde has been active in the forensic work of the college throughout the year, having been a member of the winning team in the intersociety debate earlier in the season. As leader of the freshman team he has had much to do with plans for the debate. His colleagues were Yordy and Cowling. Professor Crawford of the public speaking department has had supervision of the entire work of the team.

## Baseball Notes.

Manager Frank Chance has cut his squad of Cubs down to 21.

The experiment of training in St. Louis by the Cardinals and the Browns has not proved to be a real success.

In Cincinnati messengers stood in line all night in order to get first choice of seats for the opening game.

Pitcher "Red" Nelson of the Browns worked as a railroad brakeman all winter and is now badly crippled with rheumatism.

In order to reduce his weight Tom Madden, of the Boston Red Sox, has taken to wearing a full rubber suit inside of his uniform.

Detroit fans are once more happy. Cobb, Bush and Crawford, who were at odds nearly all last season, have shaken hands again.

It is reported in baseball circles that "Uncle Cy" Young is to draw his release from the Cleveland Club within a short time.

The San Joaquin League has recently been organized in California, with teams in Bakersfield, Visalia, Fresno, Tulare, Porterville and Hanford.

Catcher Bill Carrigan, of the Boston Red Sox, smashed one of his fingers recently and was not able to work in the opening game at Washington. With the Giants pulling the rough stuff in Atlanta, and several of the Cubs trying to stand Nashville on its head, it begins to look like a fine summer.

The Mercer University team has an one-armed player by the name of Bill White. It is said of him that he can bat and field as well as any member of the team.

George Stone, the former Brownie, should do well with the Brewers. It was Milwaukee that made George famous and capped a job in the big show for him.

A Harvard graduate suggests that the Boston Nationals be called "Cymon pland." He says it means boasters, but believe us, take a good look at a guy before you spring it on him.

Manager Dave Rowan of the Peoria Club has signed the Magallan brothers. They are neither singers, nor dancers or acrobats. One is an outfielder, while the other is an infielder.

Frank Burns and Tommy Houck have been matched to box in New Haven April 21.

Tom O'Rourke is trying to sign Carl Morris to meet A. Pulitzer, the ex-saltator champion of New York.

As soon as they can get the right bid for a boat Johnny Coulton and Frankie Conly will come together for another muss.

The bout between Hugo Kelly and "Cyclone" Thompson on April 28 will be called off unless Thompson drops his spiel for a \$3000 guarantee.

Lumber, Lumber, Lumber, Lumber, all kinds, big stock, Brittingham & Hixon.

## Results of Friday's Games.

NATIONAL LEAGUE.  
Chicago, 1; St. Louis, 2.  
Boston, 2; Brooklyn, 15.  
Cincinnati-Pittsburg, no game; rain.  
New York-Pittsburg, no game; account of fire.

AMERICAN LEAGUE.  
Detroit, 6; Chicago, 9.  
St. Louis, 5; Cleveland, 7.  
No other games; rain.

AMERICAN ASSOCIATION.  
Tulsa, 4; Minneapolis, 4.  
Indianapolis, 6; Milwaukee, 4.  
No other games; rain.

Baseball fans who are interested in following the fortunes of the teams in the two big leagues, the American and National, can secure the printed schedules at the Gazette office free of charge upon application at the Editorial rooms. A number have been printed on stiff card board suitable for handling during the entire season. Just call at the Editorial rooms of the Gazette and get one if you want to keep watch of the games during the season.

## Worth Thinking About

I do a very large business with out of town patients.

They find that they can come to Janesville and save a good bit of money over what their home dentists would charge them.

I am just now finishing up a lot of work for one of these out of town families.

The home dentist wanted \$60.00. My entire bill was \$35.00. Quite a saving, wasn't it? It would be the same in your case.

## THREE MEN DROWN IN MUD

Glen Ellyn Fire Chief's Auto Skids and Plunges Into Ditch, Turning Turtle.

Chicago, April 15.—Three men were drowned last night when the automobile in which they were racing through Melrose Park skidded and pitched into a ditch. The bodies were discovered by a passing motorist. The dead were: H. J. Blackburn, forty-five years old, grocer and fire chief, Glen Ellyn; Fred Koush, thirder, Glen Ellyn; Fred Koush, section foreman at Glen Ellyn.

The machine was a new one which Blackburn was trying out, and his two friends had accompanied him on a trip to Chicago. As the machine passed through Melrose Park at high speed it skidded through the mud and disappeared.

## AUTO CHAMPION IS KILLED

Ned Crane is Hurlled Fifty Feet When His Car Turns Turtle, and Dies.

Kansas City, Mo., April 15.—Ned Crane of Boston, national automobile champion for 1910, was instantly killed at the Elm Ridge race track in a trial trip around the circle. Bert Dodge, an employee of the Buick company, who was riding with Crane, was thrown 16 feet in the air and suffered concussion of the brain. He will recover.

Crane had just turned on full speed when a tire popped near the northwest turn of the course. The car skidded, struck an obstruction and turned turtle. Crane was thrown about fifty feet and struck on his head. He died almost instantly.

Thirteenth Annual Unique Club Party.

It's to be a gala event. The Assembly Hall has been decorated most beautifully for this occasion. Music by Knoff & Hatch 10-piece orchestra. Those holding former invitations cordially invited. Monday evening, April 17th.

## LOCAL RELIEF CORPS IN ANNUAL BANQUET

Sargent Post No. 21 Celebrated Twenty-Sixth Anniversary At East Side Odd Fellows Hall Last Evening.

W. H. Sargent, Relief Corps No. 21, celebrated their 26th anniversary at East Side O. O. F. Hall last evening. They had as their guests members of Sargent Post and wives and husbands of the Relief Corps. An appetizing supper was served at 6:30 it being necessary to set several tables before all were served. Mrs. George B. Osgood had charge of the program which was as follows:

Song, "Marching Through Georgia," by Post and Relief Corps.  
Address of welcome, by Sir Vice, Ida Tochtermann.  
Solo, by Mrs. Zoe Pearl Park.  
History of the Corps, by Mrs. Charles Glen.  
Music, by Orchestra.  
Address, by Rev. Denton.  
Music, by Orchestra.  
Recitation, by Esther Barker.  
Remarks, by Cora E. Harris, editor of the Relief Corps News.  
Music, by Orchestra.  
Mrs. Ida Tochtermann in a few well chosen words presented the Post with a sum of money from the Corps. Every number was well rendered and thoroughly enjoyed.

## KNIGHTS TO ATTEND SERVICES IN BODY

Knight Templars of This City and Others Will March To Divine Service Easter Morning.

Tomorrow will be the occasion of special services or attendance at services by the Knight Templars in this city and others in the state. Easter is made the day for special observance by the Knights, by the customs of the order and those of Janesville will assemble at the Asylum at ten o'clock Easter morning and march to the first Baptist church where they will attend the services conducted by Rev. Hazen in a body.

The Sir Knights of Port Atkinson, will also attend church on Easter morning in a body. They will assemble at the Masonic temple and will march to the Methodist church where divine service will be conducted by Rev. E. W. Mager. In Evansville the Knights will attend services at the Congregational church.

In the case of the local order a cardinal invitation has been extended to all Knights who are stopping in the city. It has been requested that all of the members equip themselves in the full Templar uniform including swords, black trousers and black shoes.

## ANNUAL DECLAMATORY AND ORATORICAL CONTEST TO BE HELD IN LINE CITY

Contest of Rock County High School League Will Take Place On Friday Evening, April 28.

Friday, April 28, has been selected as the date for the annual oratorical and declamatory contest of the Rock County league of high schools to be held in Beloit. Four high schools will be represented in the contest and possibly a fifth. Janesville, Beloit, Evansville and Whitewater will have speakers there as in former years and Milton high school may enter the league this year.

## Minnesota Lands.

Choice smooth open prairie land, black loam soil with yellow clay subsoil. Red Lake county, Minnesota, \$15 to \$20 per acre, easy terms. Grow corn, clover, timothy, wheat, flax, oats and barley. Finest dairy country in the State of Wisconsin. 21 creameries in county; good roads, schools, and churches. No land to exceed 12 miles from good markets. Two main lines of railroad, Twin City-Winnipeg and Plummer-Duluth 800 lines. Excellent shipping facilities, Twin Cities and Duluth to the Great Lakes. Acre brings map and price list describing country and tracts of land for sale.

**JULIUS PLETH,**  
... Plummer, Red Lake County, Minn.

## MAN WELL KNOWN HERE DIES IN WAUKESHA HOTEL

It was learned last night through Father Gabriel that George Greeley of Roscoe, Ill., a frequent visitor in this city had been found dead in his room at the Moore hotel in Waukesha, at 2:30 Friday afternoon. He was here last week as the guest of Father Gabriel. He was a single man forty-seven years of age.

## STORY HOUR AT LIBRARY DRAWS MANY TOTS TODAY

About fifty-five children of the city gathered at the public library this morning in attendance upon the weekly story hour. Mrs. Person from the school for the blind told the story founded upon the legend of the Pied Piper of Hamelin, entitled "The Piper." Stories about animals from Kipling were related to the little ones by Mrs. Kereh. Yesterday afternoon the fourth ward kindergarten children under the guidance of Miss Mungar and Miss Pfeiffer, paid a visit to the library.

## Unique Club Annual Ball.

Those holding invitations to former parties invited. The Assembly Hall has been splendidly decorated specially for this occasion. Music by Knoff & Hatch 10-piece orchestra. Tickets \$1.00. Monday evening, April 17.

## BRIEF LOCAL NEWS.

Chinamel demonstration next week at Diehls.  
WANTED—500 pounds clean rags for wiping machinery at Gazette office. Chinamel demonstration next week at Diehls.

Owing to the many orders we receive for ice cream for Sunday dinner it will be necessary to insure delivery to have your order in before 10 o'clock A. M. Shurtlett Co.

## BRIDGE BONDS ARE CONSIDERED VALID

Sale of Issue For Racine Street Bridge Will Probably Be Authorized By Common Council Monday Night.

Action on the matter of the sale of the bonds issued for the construction of the proposed new bridge over the river at Fourth avenue and Madison street is expected when the common council meets in executive session on Monday night. Some time ago the question was raised as to the validity of these bonds and an investigation started.

The issue for the construction of Fourth avenue bridge seems to be generally conceded as valid and valid on account of the provision in the special charter under which the city government operates, providing that taxes to pay for a bridge shall not be levied in excess of twenty thousand dollars in any one year. The bonds are held to be practically the same as a tax levy and are therefore considered legal.

Because of this, it will fall upon the council either the present one or the incoming council, to do something toward making the old structure fit for service until next year, when the question of a new bridge at Fourth avenue can be brought up again.

Attorney George G. Sutherland has been investigating the validity of the Racine street bridge bonds and will undoubtedly report on them to the council Monday evening, as it is necessary that they should be signed by Mayor Carle. His term of office expires at midnight Tuesday, so if the bonds are to be sold it is necessary for the council to take immediate action.

## EASTER CONCERT AT SCHOOL FOR BLIND

Excellent Program Has Been Prepared For Annual Easter Vesper Concert By Blind Students.

A musical program of special excellence will be given by the pupils at the State School for the Blind tomorrow afternoon at four o'clock. The Easter Vesper concert is an annual event at the state institution and will include this year chorals and solo work as well as selections by the orchestra and instrumental solos. The program has been prepared under the direction of Miss J. H. Jones, organist. Miss Anna K. Means, vocal director and Herbert Adams, director of the orchestra.

## PERSONAL MENTION.

Announcement is made of the birth of a baby daughter to Mr. and Mrs. James Dawson, Hilbert, Wis., on April 11.

Miss Mary Nolan, who is attending Milwaukee Downer college, is spending the Easter vacation at the home of her parents, Mr. and Mrs. Thomas S. Nolan.

Mrs. E. W. Walte of Jefferson is the guest of Mrs. R. Geddes, North River street.

Mrs. C. A. Larson of Fairfield spent yesterday in the city.

P. L. Merdwind of Beloit was in the city on business yesterday.

Dan Drew of Footville transacted business here yesterday.

G. W. Lindsay of Dodgeville was in the city yesterday.

T. E. Ketterson of Madison was a business visitor here yesterday.

L. W. Terry of Brookfield was here yesterday on business.

Donald Arlie is ill at his home on Totten street.

H. A. Shelley was here from Edgerton, Friday.

Mrs. Joseph McGovern and daughter of Shullsburg visited in the city yesterday.

Roy A. Young of Monroe transacted business here yesterday.

L. A. Tarrell of Burlington was a Janesville visitor yesterday.

Mrs. C. A. McPherson of Genoa Junction spent yesterday here.

Miss Mary Pearl who has been confined to her home with scarlet fever is now able to be about again.

Horn to Mr. and Mrs. John E. Nolan at Rock street, on 8th day.

Miss Carolyn Huebel of Milwaukee, is visiting Mrs. J. W. Hackshaw in the city.

William King, train baggage man on runs 25 and 43, between Janesville and Marshfield on the St. Paul road, has resumed work after a two weeks vacation.

J. P. Mason and Martin F. Carroll are in Madison today on a business trip. While there they will visit with Dr. T. F. Kennedy.

H. O. Tubbs and H. Brice of Freeport, are visitors here today.

E. Nankiss of Rockford, was in the city today.

W. A. Shelley of Edgerton, transacted business in the city yesterday.

L. H. Terry of Brookfield, spent yesterday here.

## AMENDMENT TO THE THEATRE ORDINANCE

City Attorney Will Present Amendment Regarding Alarms to City Council Monday Night.

An amendment to the theatre ordinance passed by the common council at the special meeting last Thursday will be presented to the city fathers at their last regular meeting on Monday night by City Attorney Maxfield and the passage of this amendment will probably be one of the last official acts of the present council.

The ordinance, as passed, has not yet become a law, as the mayor has not yet signed it. However, he is given until Monday night to veto it if he desires and in case he does not veto it, it becomes a law regardless of whether it is signed or not. Action by Mayor Carle on the ordinance will probably be postponed until after the council meeting to decide whether that body shall do with respect to the amendment. It is not thought likely the mayor will put his veto on the ordinance.

The proposed amendment is regarding the alarm in local theatres. The ordinance as it stands now requires two aisles at least three feet wide. In the smaller places, it is said, this would work a hardship on the management as it would leave but little room to seat the people. It is also held that the theatres could be as quickly emptied of people in case of a fire scare, through one large aisle, four feet wide or more as with the two aisles.

The amendment proposes that in all theatres less than twenty feet wide only one aisle, fifty inches in width, shall be required and in show houses over twenty feet wide there shall be two thirty-inch aisles.

## OBITUARY.

M. J. Green.

M. J. Green, a prominent Chicago wholesale liquor dealer who had been a resident of Wisconsin for some fifteen years, and who had many friends in Janesville, was found dead in the hallway of an apartment building on North State street Thursday morning. Myastri surrounds his death which is being investigated by the Chicago police.

The funeral services will be held Monday afternoon and interment will be made in a Chicago cemetery.

**Mrs. Henry Gagan.**

Mrs. Henry Gagan, wife of Henry A. Gagan, vice-president of the "Thoroughbred" box company, passed away at her home, 567 South bluff street, last evening at ten o'clock. Mrs. Gagan had been confined to her bed for some time but her death came as a shock as her condition had lately been thought to have been improving. Mrs. Gagan had been a resident here for a number of years and had many friends by whom she was dearly loved.

She leaves a husband and a ten-year-old son who miss a fond wife and mother. She is also survived by a sister, Mrs. Mondler of Chicago, and two brothers, Henry Reddon of Freeport and Patrick Reddon of La Crosse. The funeral will be held Monday morning at 8:45 from St. Mary's church.

**Francis Smalley.**

Pall bearers at the Francis Smalley funeral yesterday were: C. S. Britton, D. L. Thorpe, W. H. Gates, George Stockman, Marshall Cook, and George Butts.

**W. M. Davey.**

W. H. Parich of this city received word from Appleton, Wis., that his brother-in-law, W. M. Davey, passed away at 2:30 o'clock yesterday afternoon at his home. He was taken sick while in Janesville about nine weeks ago.

Janesville was his former home but of late years he has been employed as supreme deputy of the state for the National Fraternal League, and of late years had made his home in Appleton, being nearer the home office. He was also a member of Janesville City Lodge No. 90, I. O. O. F., and a member of the Modern Woodmen.

He leaves to mourn his loss a wife, Mrs. Rose Davey, and one sister, Miss Anna Davey of Janesville, and three brothers, Geo. H. of this city, Elijah C. of Chicago, and Darius Davey of Rockford, Ill. The funeral will be held at Oak Hill chapel at 2:30 Monday afternoon. The Odd Fellows will have charge of the funeral services.

**Called Down.**

Knicker—"My torments came over in the Mayflower." Becker—"I suppose they were perfectly safe, as there was no wireless then."

**College Faculties.**

Father—Young man, I am surprised at your impudence. Are you quite sure that you have complete control of all your faculties?

William Babrah—No; but you bet the athletic association has!—Puck.

## ADDIE JOSS DIES IN TOLEDO

Cleveland's Great Pitcher Succumbs to Tubercular Meningitis—Pitched No-Run No-Hit Game.

Toledo, O., April 15.—Adrian C. Joss, better known in the baseball world as "Addie," well-known pitcher of the Cleveland American baseball team, died at his home here. Death was due to tubercular meningitis, from which he had been a sufferer since last Sunday. Joss was 31 years old. He is survived by a wife and two children. He was a thirty-second degree Mason and a member of the Mystic Shrine.

Joss joined the Cleveland American league club in 1903, under the management of William H. Armour, present owner of the Toledo club. He became one of the premier pitchers of the country and had the honor of pitching a no-hit, no-run game against the Chicago White Sox in 1908, his opponent being Ed Walsh.

## BARNES IS FREED BY JURY

Iowa Man Accused of Attacking Woman in Pullman Car Is Found "Not Guilty."

Anderson, Ind., April 15.—"Not guilty" was the verdict returned by a circuit court jury in the case of Benjamin C. Barnes, a traveling salesman of Dubuque, Ia., who was accused of having criminally attacked Miss Cecil Hill, aged nineteen, daughter of Prof. William Hill of the University of Chicago, while Miss Hill, in berth of a Pullman car, was returning from Richmond, Ind., to Chicago on the night of January 27.

## PASTOR BOMB PLOT VICTIM

Attempt Made to Destroy Residence of Minister Who Fought Law-breakers at Neoga.

Mattoon, Ill., April 15.—An attempt was made to destroy by a dynamite bomb the home of Rev. H. B. Fisher, a Presbyterian minister in Neoga. It was the second attempt within a year. The minister has been a leader in the fight for law enforcement.

## George C. Eggleston Dead.

New York, April 15.—George Cary Eggleston, author of Civil war and southern stories, died of a complication of diseases. Mr. Eggleston was born of Virginia parents at Vevay, Ind., 71 years ago, served through the Civil war, and settled in Cairo, Ill., and later in New York.

**Nobel Institute's Head in U. S.**

New York, April 15.—Dr. Svante Arrhenius, president of the famous Nobel Institute of Stockholm, Sweden, is in New York for addresses at Columbia university. He will be the guest of Dr. Jacques Loeb of the Rockefeller Institute.

## Van Valkenburg, Fifty-six Years Old, Shot Himself on the Steps of the Second Presbyterian Church, While His Wife, with whom he had Quarreled, Was Inside Praying.

Van Valkenburg was a member of the 1875 four-oared rowing crew of Hillsdale college, Michigan, which was then the champion four-oared crew of the world.

## Navy Machinist a Suicide.

Washington, April 15.—The navy department has been advised of the death by suicide of Chief Machinist Gus Williams, U. S. N., which occurred on the Mississippi at the navy yard at Philadelphia. The nearest kin of Williams is J. Paulson, who lives at Kirkland, Ill.

## Peculiar Mexican Liquor.

"Comiteca" is the name given to a spirituous liquor manufactured in Comitlan, state of Chiapas, Mex. It is an exclusively local product, since in no other part of the country is anything similar produced; the species of maguey or agave from which it is distilled thrives only within a radius of ten or twelve miles.

## ONE OF JANESVILLE'S MAIN ARTERIES OF TRADE IS LEFT IN DANGEROUS CONDITION

One of the problems that confronts the new council is the street work in the different wards. It is a problem that cannot be passed over and one which interests every citizen. The accompanying picture of Center avenue shows the condition it was left in when the electric road sustained the injunction restraining the council from permitting the street to be permanently repaired out of the ward fund.

As Center avenue is one of the main arteries of travel for that section of the city, a road much driven over by persons coming into the city from the

south and southwest it is particularly offensive to the citizens generally to have it left in the condition it is.

It is only another argument in favor of the city taking charge of the streets, improving it either out of the ward or general fund or paying three quarters of the expense out of the general fund and assessing the remainder against the property benefited. Alderman Duffin and Alderman Donahue of the Fifth ward, are the two aldermen who are directly interested in this street and its condition. It is within their jurisdiction, but until the junction is dissolved nothing of

material improvement can be accomplished. It is understood, however, that steps in this line are being taken now, having been delayed only by the fact that the spring elections caused a delay.

In speaking of the matter Alderman Duffin said: "I believe the streets of the city should be put in shape. If the property owners of the different wards would have patience with their aldermen and permit them to repair one street and then another in rotation, the whole ward would be placed in line shape in a very short time."

## NELSON WAREHOUSE AT EDGERTON CLOSED

service will begin at 7:30.

At the German Lutheran church Sunday morning there will be service at the usual hour, followed by holy communion and the Lord's supper. "The Passion of Christ" and "The Resurrection" will be the themes at the children's services in the evening.

At the Norwegian Lutheran church Sunday there will be services both morning and evening. At the evening service the Sunday school will sing Easter carols and the service will be conducted in English.

## The Biblical Prophets.

The Hebrew word generally used for a prophet is Nabi, which means one inspired, possessed by some deity. Joel must always rank among the greatest of the prophets, not only for the sublimity of his imagery, but also for his lofty views of moral obligations.

The book of Tobit was probably written in the first quarter of the second century B. C., and by a Palestinian Jew who had no personal acquaintance with the scene of his story. Hence, a good deal of bad geography. The original book of Esther does not contain the name of God, or any allusion to the deity from beginning to end.

Pennsylvania's Locust Exhibit. H. Z. Baker of Newville, Cumberland county, has four bottles of seventeen year locusts of dates as follows: 1861, 1866, 1885 and 1902. He was 12 years old the first time he saw them and is now 72 years past. Each bottle is labeled and contains one locust for each of the dates named.—Philadelphia Record.

**Potential Argentina.**  
Argentina is a country to be seriously reckoned with in the international economics of today and tomorrow. The tremendous potentialities of her vast and temperate areas are only now dawning upon the harassed and food-hungry people of the world. The primary needs of the millions toiling in the densely populated centers of industry are bread and meat. As their eyes scan the world's horizon of production the promise which lies in these million square miles of land is one of relief from the dire predictions suggested by the constantly increasing cost of existence.—James D. Whelpley, in the Century for March.

**The Vikings.**  
Vikings were Scandinavian chiefs, Swedes, Danes and Norsemen, who, in the fourth century, migrated eastward to the countries beyond the Baltic, westward and southward, chiefly to the British Isles.

Read the Gazette Want Ads.

**Dance From Golden Gate.**  
It is an infrequent occurrence, when San Francisco can impart knowledge to the coast, but that graceful, gliding waltz which is popular this spring under the name of the danse d'indon— or turkey strut, in plain English—has come from the Golden Gate. It first was seen in the beach shows about San Francisco a year ago, and when the dance received the hall mark of Paris and London it was introduced into the collins and mask balls. Every one learned it last winter. The name turkey strut is misleading, as it is one of the most leisurely and graceful of the new dances. But the movement is different from the waltz proper, and the prophecy is that it will replace the now ever-present two-step on the ball program.

**Her Only Fault.**  
We have admitted a certain woman 25 years, except when she puts on her company manners. Then she acts foolish and unnatural.—Athenian Globe.

**Suggestions for Ruling a State.**  
I believe that the clearest and most natural proposition for a reform state government would contain the following features, among others: A lengthened term for the governor, say, four years, with the right of recall at the end of two years, as now exists in the case of the mayor of Boston. Give him the same power to select and control his cabinet and the heads of his departments which is possessed by the president of the United States, especially with an absolute and unconditional power of removal. This same power should be carried through all of the executive departments through which is administered the regulatory control of our public service corporations and other public utilities.—Hon. Henry L. Stimson in Leslie's.

**His Hat.**  
Put a man's hat on his head and the chances are about a hundred to one that it will be uncomfortable until he adjusts it in his own peculiar way.—Athenian Globe.

house has opened for the season and expects a run of two months. At present there is help sufficient to meet the demand at all the various warehouses in operation.

**Personal and Local.**  
Albert Fritzke and George Lund spent Friday in Janesville calling on friends.

H. Knaten, with the Edgerton Clear company, went to Oshkosh this morning on a visit there over Sunday.

James, the 12-year-old son of Charles Clutworthy, was taken to Janesville this morning where he will submit to an operation.

Mr. and Mrs. George Balling and children will arrive this evening from Milwaukee for an over Sunday visit with Mr. and Mrs. H. C. Schmeling.

Herman Hambley, Gustave Young and Martin Oberick and family left this morning for Horton for an over Sunday visit with Prof. and Mrs. J. Oberick, former residents of this city.

Mrs. Will Hutton is in Chicago, having gone there for an examination and possible operation on account of stomach trouble. Dr. Shearer accompanied her to that city.

George Church, night clerk at the Carlton hotel, while on duty Thursday evening, had the misfortune to fall down a flight of stairs and fracturing his right arm. Mr. Church went to his home in Jefferson this morning for a stay of several weeks.

George A. Harrison returned last night from Jefferson, having been called there the day before to form the acquaintance of a 7½ pound daughter, born there that day. Mrs. Harrison will remain there with her parents for some time.

Mrs. Gilbert Hanson departed last night for Minneapolis, Minn., on an extended visit with her sons, Edwin Hanson and family at that place and Herman Hanson at Kilmath. She will also go to other points in the west to visit relatives whom she has not met for years. Returning on August next she expects to be accompanied home by her son Edwin and wife for a home visit.

**Sunday at the Churches.**  
At the M. E. church Sunday there will be services both morning and evening. Rev. E. W. Winkelman, university pastor, will preach at both services. Evening service begins at 7:30. Epworth League at usual hour.

At the Congregational church Sunday there will be an Easter sermon and special music in the morning. In the evening the theme will be, "God's Attitude Toward Sin." The evening

## FROM RIVERSIDE TO LONG BEACH

ULYSSES G. WAITE TELLS OF BEAUTIES ENROUTE TO TWO CALIFORNIA CITIES.

### THE CALIFORNIA VINEYARDS

Many of the Wonders of Beautiful Scenery on the Way From Riverside to Los Angeles.

Riverside, Cal., April 10, 1911.—Inspiration comes from a recent visit to Los Angeles and Long Beach. Here in southern California, a correspondent does not have to travel far in order to secure plenty of material for a letter. There is so much of interest transpiring in all this lively section that a tyro could unearth a column of correspondence at almost every turn. The distance from Riverside to Los Angeles is about 50 miles as the crow flies, and in making that trip the traveler is accorded a succession of surprises that cannot be duplicated in any other state in this great nation of which we are so proud. Of course, all the available land contiguous to Riverside is in orange groves, or being converted into such, except where the growing demands of the "City Beautiful" have made imperative the grubbing out of the groves in order to erect such property and sell it at city lot for residential or business purposes.

But as you go westward you see other sights than orange groves, although they are in evidence, at intervals, all the way to Los Angeles. In the broad stretch of level country to the south of snowy Cucamonga mountain, you see evidences of another industry that is assuming large proportions, and that is the cultivation of the grape. Through one great vineyard we ride mile after mile, while an occasional sign board beside the track informs us that it is the "Hill Vineyard," comprising "1,000 acres." Within the confines of the vineyard a small town has sprung up, the nucleus of which is the great winery, where the fruit of the vine is converted into the seductive beverage whose allurements we are warned against by the wine man of Holy City. Here, too, the United States department of agriculture has established an experiment station, and, as a result of research and experimentation, the fact has been developed that this land, thought to be worthless for purposes of agriculture, is splendidly adapted for viticulture and it will only be a matter of a few years when this desert waste, where only sage brush and cactus have been growing, will all be under cultivation and doing its part as a producing factor in this wonderful Southland. As it is now, in the unimproved portions of this great tract, the shifting sands are to be seen in great drifts along fences, or other obstructions, much as the snow would be after a good, old fashioned blizzard, back in Wisconsin.

I make mention of this just to show the home folks what strange contrasts are noted here in a brief journey, and to substantiate what I said at the beginning of this letter, regarding the surprises that await one at almost every turn. When Pomona is reached, our thoughts naturally revert to the college bearing that name, which is located in the northern suburb of Claremont, and to which growing institution old Rock county has recently given a presiding genius in the person of Prof. James A. Blaisdell of Beloit. On the occasion of Dr. Blaisdell's inauguration as president last winter, President Eaton of Beloit, and President Garfield of Williams college, were among the noted educators who were present and delivered scholarly addresses to the distinguished gathering. Pomona is now the home of Daniel B. Emerson, formerly a prosperous farmer of Newark and Rock townships, and later a resident of Janesville, with a home on Terrace street. From Janesville, Mr. Emerson migrated to Saskatchewan, Canada, and came down from the king's dominion to spend the winter here, with the result that he fell in love with Pomona and has purchased a home there, where he resides with his daughters, Miss Belle and Miss Katherine.

I only wish I might have stopped off in Pomona, for it is a goodly city, clean, progressive and prosperous. But, like the tickets I used to ride on between Afton and Janesville, the one I possessed on this journey said, "No stopovers allowed," and so I simply passed through the city, with a fleeting glimpse of its sidewalk streets and substantial looking business blocks with a fine park near the depot as an attractive feature.

Los Angeles is a wonderful city, with a marvelous growth and roseate future. It takes no one gifted with prophetic vision to see that one of the mightiest of American municipalities will be spread out over these hills and strung along far up these numerous valleys, where the wintry blasts come not, and where the mercury has a penchant for holding aloof from the disagreeable zero mark, which Mr. Fahrenheit says fit to place on his inaccurate looking device for measuring the degrees of heat and cold. Just why some American cities are located where they are is a cause for conjecture and wonderment. When I ascertained that the place had its origin away back in 1781 and that its founders were a motley group of Spaniards, Indians, negroes and mulattoes, all of whom were illiterate, and, as one historian says, "were from the very heart of Mexico," I did not wonder that no more promising site was selected for what is now destined to be the greatest city west of the Rocky mountains. It is not my purpose to enter upon a detailed description of Los Angeles. Why try to describe it anyway, for the narrative of today would need revision tomorrow. In all directions, in the great heart of the city, giant and feeble buildings, with ribs of steel and massive walls of granite, or marble, or concrete, are being piled upward, until the sky-line changes every twenty-four hours, and I imagine the statistician, who endeavors to keep tab on the building operations, must have the worried look of the hapless office boy, whose grandmothers are all long since deceased and the opening of the league season is just at hand.

I went right on through Los Angeles anyway, with merely a change of cars from steam to electric, for my destination was Long Beach, the "Ath-

letic City" of the Pacific coast. Here is another remarkable city that proudly boasts the greatest percentage of gain in population of any city in the United States, for it has jumped from 2,252 in 1900 to 17,509 in 1910, or a gain of 680 per cent. Conservative men readily prophesy a city of 100,000 people here, and I am readily acquiescent for is not this attractive city by the sea, within that wonderful zone where climate is the mighty magnet that is drawing peoples hither from the remotest corners of the nation? My heart was made to rejoice by a visit with some of the old home folks here in Long Beach, a call at the fine home of Mr. and Mrs. Edward P. Mitchell, who moved out here from Janesville last winter, being one bright spot, while a nice chat with Hon. and Mrs. Franklin Mitchell and their daughter, Mrs. Kittie V. Lemmon, formerly of Green County, but well known to many in Janesville, was the gratifying result of a call at their pleasant home.

On my return to Los Angeles, I was privileged to stop over, and here I met other former Janesvillers in the persons of John A. Merrill and John A. Scott, at one time residents of the town of Beloit; Roy Antisdel, an Afton boy, who came west last winter and is now a waterman on the city car lines; and Messrs. Fred and Jacob Isaac, whom I found in a newly opened and thoroughly equipped bookbindery, the result of years of application and experience in that line of work back in the good old Lower City.

And then, on my return home to Riverside, as I was at the public library next day, when should I see sitting at one of the reading tables but Miss Margie Gilles of Evansville, who, in company with Mrs. A. C. Gray, also of the Cut-off city, is making a tour of the western wonderland, and who is at present visiting friends here, while Mrs. Gray is with her son in another portion of the state. It is such pleasant meetings with the old friends, as these just enumerated, that, like the oasis in the desert, forms a green spot and makes life so far from Rock county, Wisconsin, a trifle more endurable.

ULYSSES G. WAITE.

### Simulation Wins.

Some pretty long-headed philosophers hold that if you are not jealous of your wife you must make her think you are.—Detroit Free Press.

### Chief Industry of France.

Flour making in France is the most important industry in the country in amount of capital invested and value of annual output.

## EARLY RESIDENT OF ROCK COUNTY DEAD

Mrs. A. C. Dodge, For Many Years Resident of Monroe, Who Came to Wisconsin in 1846, Died Today.

(SPECIAL TO THE GAZETTE.)

Monroe, Wis., April 15.—Mrs. Sarah E. Dodge, wife of A. C. Dodge, a wealthy lumberman of this city, passed away this morning at 10:30 o'clock after a week's illness. She was seventy-six years of age and came to Monroe in 1861, following her marriage in 1860 at the home of her father, Joseph H. Kilder in the town of Fulton. Mr. Kilder was well known to many of the older residents of Rock county.

Mrs. Dodge was one of the pioneers of Wisconsin, coming overland to Rock county with her parents in a covered wagon in 1846. She was a member of the Universalist church and of the Rebekahs. Besides her husband she leaves three children, a brother, N. W. Kilder of Milton; and two sisters, Mrs. Lydia Dye of Los Angeles, Cal., and Josephine B. Jones who has been caring for Mrs. Dodge and making her home here. The funeral will be held from the home Monday afternoon at two o'clock.

### Appreciations.

"So your Shakespeare club is a great success?" "Yes. We have accumulated enough lines for non-attendance to take us all to a musical comedy."

### How Many Words in the Bible?

The English language contains some 200,000 words. Shakespeare used 21,000; Bacon 11,000; Milton 7,000. How many words does the Bible use?

### Self-Evident.

If you're willing to make the best of it, you're not likely to get the worst of it.

One Conductor Helped Back to Work. Mr. Wilford Adams in his name, and he writes: "I was confined to my bed with chronic rheumatism and used two bottles of Foley's Kidney Remedy with good effect. The third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. Specially recommended for elderly people. Badger Drug Co.

### Use for Big Buttons.

Big buttons still continue to be fashionable. A lady, missing two buttons from her dress, asked her little daughter if she had seen them. "Yes, ma, the cook's got them. She uses them as lids to the saucepans."

### Invention of Value.

A chemist has invented a way to convert gasoline or petrol into a stiff white jelly. It is done by adding 134 per cent. of stearic and alcohol. An economy of 30 per cent. is claimed for the solid form.

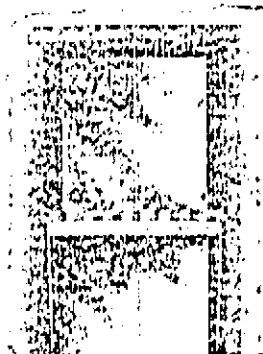

## Hood's Sarsaparilla

is America's Greatest Medicine—

Take It This Spring

Thoroughly cleanses the blood, cures all eruptions, improves the appetite, relieves that tired feeling. Get it today, in usual liquid form or tablets called Sarsatabs.

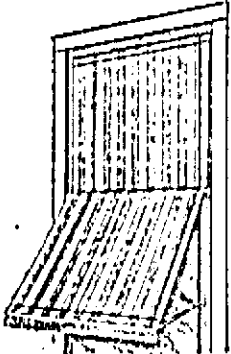

## Awnings for Residences and Office Buildings

These kinds are not affected by hard winds, either when up or down. All worry is eliminated by using them. They're not unsightly, but rather add to the attractiveness of any building. The workmanship in placing them is very thorough and efficient. They're made of best material and will give long service and wear well.

Janesville Tent and Awning Co.

19 North River Street

# There Is Nothing Exact About Medicine

Its Development Has Been One Long Series of Experiments

Fifteen or twenty years ago the Doctors were absolutely sure they were right. Today they have abandoned the methods then in use, practically admitting that they had not the right views then. Do you think they have any more now?

## If You Would Get Well, Come to the Chiropractors

The Chiropractic science does not treat symptoms, it prescribes no medicines, it never uses the knife. The Chiropractor gets at the CAUSE of disease. Chiropractic adjustments remove the CAUSE. You get well once the cause is removed, in just the same way that you get sick.

## Every Intelligent Man and Woman Should Be Open to Conviction

If you are sick or ailing, come to us and let us explain the wonders of this new science of truths. Chiropractic is going to revolutionize all of the other present day methods. From actual records it is known that 98% of those who go to the Chiropractors get well, and also that those who go to the Chiropractors have most all FAILED to get relief from the doctors, surgeons, etc.

Hundreds in Janesville and Rock County who have come to us are well and happy again. They have listened to reason and common sense. If you are antagonistic to begin with, it will avail you nothing if you come to us for FREE consultation, but if you are open to argument, if you are not prejudiced, it will take but a few minutes to explain to you the reasonableness of our methods. We invite you to call and talk over your case with us. There need be no obligation on your part. We will be glad to advise you for your own best interests.

RAYMOND PUIGGICOMBE

Illustration No. 2 shows the first cervical vertebra of the neck out of place. This will cause Neuralgia in the head. A woman who had suffered for many years in this condition. She came to us and we found that the subluxation was pinching the nerves and cutting off the nervous impulses, which is life. Several Adjustments got it back in place and the lady was never troubled since with Neuralgia. A great many of these cases come to us. The subluxation is not always in the same place and the neuralgia is in the different parts of the body.

we found that the subluxation was pinching the nerves and cutting off the nervous impulses, which is life. Several Adjustments got it back in place and the lady was never troubled since with Neuralgia. A great many of these cases come to us. The subluxation is not always in the same place and the neuralgia is in the different parts of the body.

Los Angeles is a wonderful city, with a marvelous growth and roseate future. It takes no one gifted with prophetic vision to see that one of the mightiest of American municipalities will be spread out over these hills and strung along far up these numerous valleys, where the wintry blasts come not, and where the mercury has a penchant for holding aloof from the disagreeable zero mark, which Mr. Fahrenheit says fit to place on his inaccurate looking device for measuring the degrees of heat and cold. Just why some American cities are located where they are is a cause for conjecture and wonderment. When I ascertained that the place had its origin away back in 1781 and that its founders were a motley group of Spaniards, Indians, negroes and mulattoes, all of whom were illiterate, and, as one historian says, "were from the very heart of Mexico," I did not wonder that no more promising site was selected for what is now destined to be the greatest city west of the Rocky mountains. It is not my purpose to enter upon a detailed description of Los Angeles. Why try to describe it anyway, for the narrative of today would need revision tomorrow. In all directions, in the great heart of the city, giant and feeble buildings, with ribs of steel and massive walls of granite, or marble, or concrete, are being piled upward, until the sky-line changes every twenty-four hours, and I imagine the statistician, who endeavors to keep tab on the building operations, must have the worried look of the hapless office boy, whose grandmothers are all long since deceased and the opening of the league season is just at hand.

I went right on through Los Angeles anyway, with merely a change of cars from steam to electric, for my destination was Long Beach, the "Ath-

gotten his revenge then his mind became cooled off, the irritation of the nerves ceased and the muscles of the neck relax and then he became rational again. But he will never be normal until he has this vertebra adjusted. And if this vertebra had been normal nothing would have caused him to murder White.

### CATARH AND DEAFNESS.

Illustration No. 4. A young man was deaf and suffered with catarrh for many years. We adjusted the third vertebra of his neck, freed the nerves to ears, nose and head and he is now free from catarrh and deafness.

Illustration No. 5. A boy with a bad case of tonsillitis was brought to our office and on examination we found fourth cervical vertebra of the neck subluxated and three adjustments removed the cause of his trouble and he is a well boy today.

It is a very easy matter to overcome these simple diseases, yet many children are allowed to get into very critical conditions. It simply proves

the superiority of the Chiropractic science.

Illustration No. 6. A successful lady with a bad cough and bronchitis caused by a subluxation of the 6th cervical vertebra pressing the nerves running the bronchial tubes and causing severe coughing spells. This was readily overcome by adjusting the vertebra to normal position. Similar cases are of frequent occurrence and all people get well after taking Chiropractic Adjustment who were affected by the same trouble.

Illustration Number seven shows the 7th cervical vertebra of the neck out of place. A case in point is that of a man who had paralysis on one side, and the heart was weak, caused by the dislocated vertebra pressing on the nerves leading to the brain and shutting off the nervous energy. By adjusting the vertebra, the normal condition was restored and the man got well.

We have a great many of these cases, and 98 per cent get well.

### CONSUMPTION AND BRONCHIAL TROUBLE.

Illustration No. 9 Consumption in a young lady. The second and third dorsal vertebrae were found in a lateral subluxated condition, throwing a pressure on the nerves that ran the lungs, causing congestion of the lungs which throw the patient into consumption. By replacing the vertebra and removing the pressure from these nerves it gives nature a chance to restore perfect health.

We have had a large per cent of these cases, and all are now well.

Consumption is not contagious, as very many people associate with these cases daily, and yet are no more liable to contract this disease than men engaged in other callings.

Bronchitis is started with a cold or catarrhal condition of the head, the discharge therefrom running down the bronchial tubes which irritates the nerves and causing contraction of the muscles which produces a subluxation of the first and second dorsal vertebrae. The result is Bronchitis and Consumption. By replacing these dorsal vertebrae we restore the natural condition and the disease disappears immediately.

Illustration No. 10. Lady blind most of time for 5 years; tumor on one side of eye-balls. The vertebra of the first and second cervical were shutting off the nerves leading to eyes. She suffered intensely. These vertebrae were adjusted to normal position and she regained her sight and became well. Cases of eye diseases of various kinds are brought to us. All have been made well when adjustments were taken. We find that pressure on the nerves leading to different parts of the eye causes the different diseases; so the subluxation is not always at the same place in the spine.

Illustration No. 11. A nationally known man suffered with dyspepsia and indigestion for many years. Adjusted the vertebra of the spine at 6th, 6th and 7th dorsal vertebrae, restoring the nervous energy to the stomach, and he can now eat any kind of food without trouble. Hundreds of our cases are of this nature. All get entirely well and at a smaller cost than you would pay to a doctor, without getting permanent relief.

Illustration No. 12. Prominent business man found he had a weak heart and that the beats were not regular. He sold out his business expecting to retire. He finally called on us and we found 2nd and 4th dorsal vertebrae subluxated. By replacing these vertebrae we removed the pressure from heart nerves which restored it to normal, and he is now well. This man went back into active business. We have a great many cases of weak heart, and all get well by taking Chiropractic Adjustments.

### BILLIOUSNESS, ENLARGED LIVER AND MALARIA.

Illustration No. 13. A successful plumber had enlargement of the liver from a contracted fever and malaria. Severe cramps were always felt. When examined by the Chiropractor the cause of the disease was immediately located. This case was entirely overcome by adjusting spine at 7th, 8th and 9th dorsal vertebrae, thus loosening the nerves to liver and re-establishing the mental impulses, which is life.

In biliousness the liver is often overworked by eating more food than needed, and then when it can not perform its function any more, it is forced into activity by laxatives, until the trouble ends in chronic constipation. These people can all become well by Chiropractic Adjustment, freeing nerves to liver and bowels. We have more of these cases than any other kind. It takes considerable time when case is chronic, but can always be successfully handled. If laxatives are continued or stimulants it will end in stroke of paralysis or other serious troubles.

## PUDDICOMBE & PUDDICOMBE

Graduate Chiropractors. New Phone 970 Suite 405 Jackman Block

Office Hours—9:00 A. M. to 12:00 M., 2:00 P. M. to 6:00 P. M., 7:00 P. M. to 8:00 P. M., daily. Home Calls—Any one wishing adjustments at their home will be accommodated during the morning hours only from 9:00 A. M. to 12:00 M. Lady attendant. Chiropractic is not medicine, nor surgery, nor osteopathy.

# ROCK COUNTY FARMERS

## Use Judgment In Buying

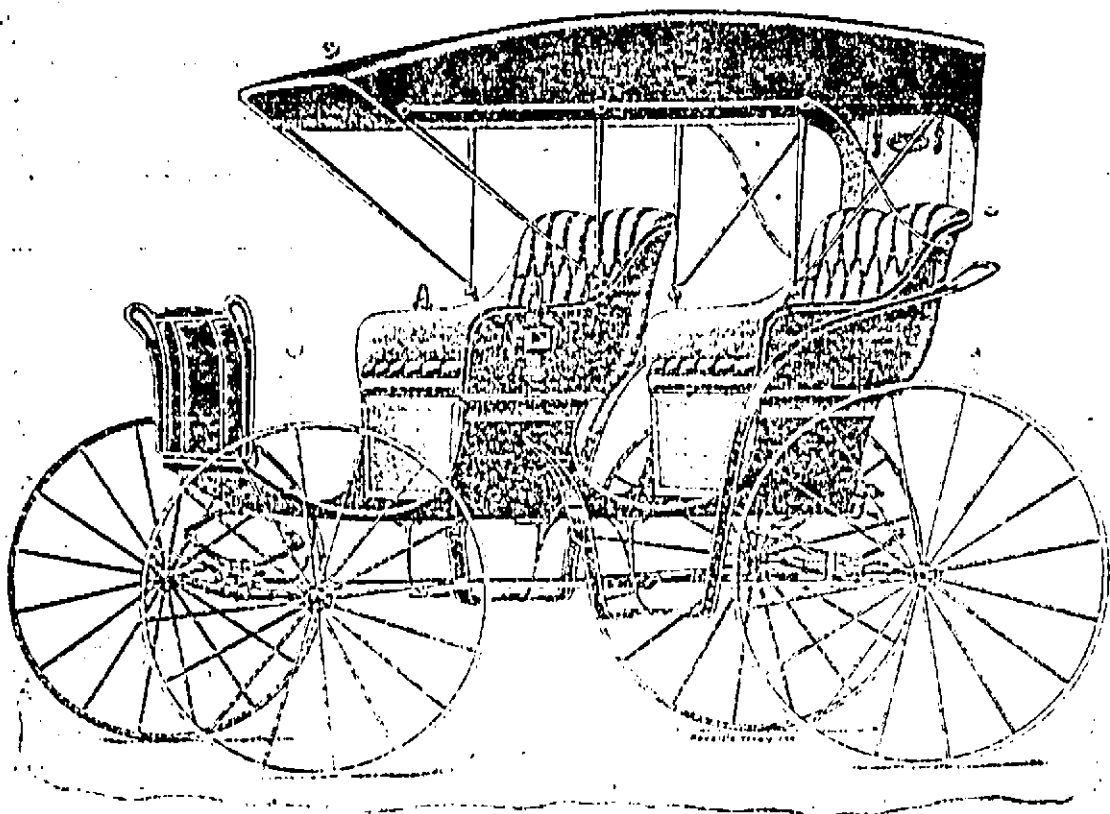

# JANESVILLE BUGGIES

**T**HERE is no better judge of a buggy than the average Rock County farmer; he certainly knows a good buggy when he sees it. At least eighty per cent of the buggies used are sold to farmers, so in building the Janesville Buggy twenty-five years ago we figured, and correctly, too, that if we could manufacture a buggy to satisfy the farmer it certainly would suit the balance of the people.

**T**HROUGH years of actual service Janesville Buggies have proven their worth and enjoy an enviable reputation; they never fail to satisfy the most critical buyer. More Janesville Buggies are in use in Rock county than all other makes combined, which fact alone should influence your good judgment as a buyer.

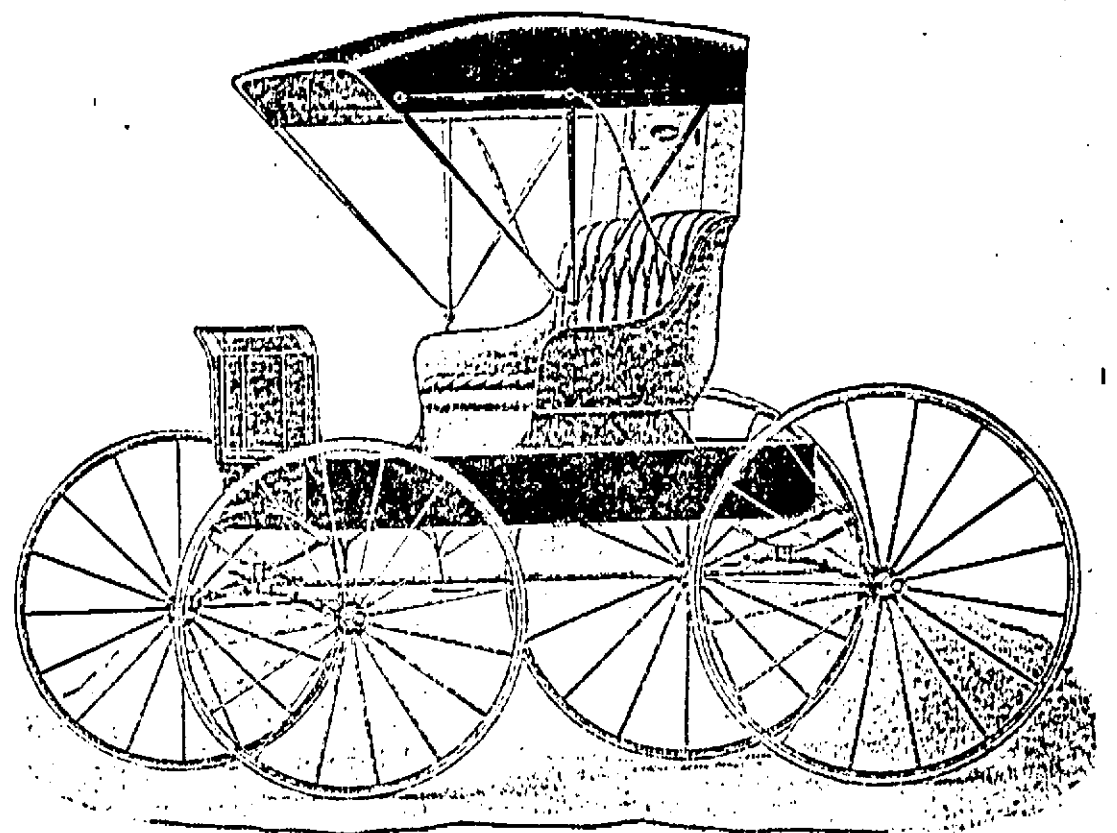

## HOME-MADE BUGGIES

**A**RE worth more to you than any other make you can buy. The Janesville factory is at your door to back up every buggy we sell. Think what this means to you. These buggies are built on honor—by men who know how. Each and every buggy is guaranteed fully—the quality is unquestioned. The price is as low as it can be for such quality. With us you do not have to pay in advance. What mail order house offers you such advantages?

### Illustrations

These illustrations are but two of the 80 different styles we manufacture. Each and every job is made of selected materials throughout. Painting is of the old style, lead and oil system. The quality, style and finish are superior to any other vehicle you can buy at anywhere near the price. We can prove this if you will call and give us the opportunity.

### Our Business Has Grown Immensely

It has grown to such an extent that it has been necessary to largely increase our manufacturing facilities and at the present time Janesville Buggies are made in one of the most complete vehicle plants in the entire country. All the latest improved machinery has been installed which enables us with skilled and competent workmen, who work with hand and brain, to produce our buggies to the best possible advantage and at the lowest possible cost. Don't let anyone tell you they can sell you a buggy just as good as the Janesville for less money.

### Whose Word Shall You Take?

We want every farmer in Rock County to visit our factory so we can show you every single part of material entering into the construction of Janesville Buggies. We want you to see this material before it is painted; to see the methods used in setting the tires, and setting the axle boxes with twelve-ton hydraulic pressure; the building of the tops and trimmings, in fact show you the processes employed in building a good buggy, from start to finish. You must take somebody's word for what is under the paint that is on the buggy you buy. Whose word shall you take? That of a responsible, reliable, reputable manufacturer of years' standing at home or that of some one who you do not know and who only wants to get your money regardless of what he gives for it?

## Retail Department at Factory

We maintain a retail repository at our factory where we can show you from 60 to 80 different style vehicles, including Auto Seat Buggies with autotop and brass trimmings, phaeton seat buggies, open driving wagons, surreys and spring wagons, in fact almost anything you may want in the vehicle line. It is a pleasure to show our goods and we want you to come and look them over without feeling under any obligations to buy. Now is the time to place your order for a Janesville Buggy so that we can have plenty of time to get out just what you want, in case we should not have a buggy on the floor made up to your liking. Remember in buying a buggy here you can get just what you want and made just the way you want it. Come and look before your spring work sets in; do not put it off until too late. Janesville Buggies are handled in Rock County by the following dealers, in addition to being sold at the factory. If these dealers do not have what you want on their floor you can surely find it on our floor.

### ROCK COUNTY DEALERS:

H. W. FELLOWS & SON, EVANSVILLE.  
SHAW & WESCOTT, EDGERTON.

CRUMB & CLELAND, MILTON.  
REEDER BROS., CLINTON.

GESLEY-MILLET, BELOIT.  
FIFIELD-DEAN LUMBER CO., AVALON.

F. R. LOWREY, FOOTVILLE.  
BOWER CITY IMP. CO., JANESVILLE.

Our Repair Department is complete, for re-painting, blacksmithing and upholstery work. Prices are very reasonable.

# A MESSAGE

That Appeals to People Not Afraid of Progress  
**OXYPATHY** -- The New Drugless Oxygen Cure  
 BY MEANS OF

## THE OXYPATHOR

### OXYPATHY OUTLINED:

It is a **preventor** of disease even more than it is a **cure**. As it treats the cause of disease rather than the disease itself, of course, the kind of disease is no factor in determining its results.

Since it operates by elimination of wastes and poisons, and by blood aeration again restores vitality; it builds back to normal regardless of the duration of the illness.

The gentle stimulation and the gradual and sure increase in strength and health that follow the introduction of the Oxygen by this ideal method, make the severest ailments easy to remedy.

As Oxypathy is a radical departure from all former systems of treatment, it is necessary to state that failure of previous methods is absolutely no criterion of Oxypathy's success.

It is a sensible home system that anyone may use---whatever the ailment may be---thus securing freedom from examinations and consultation blanks. It also enables one to retain complete privacy.

The Oxypathor costs nothing after its original purchase price and lasts forever without loss of force.

### SKEPTICISM

All marvelous and new things pass through three stages---ridicule, discussion and adoption.

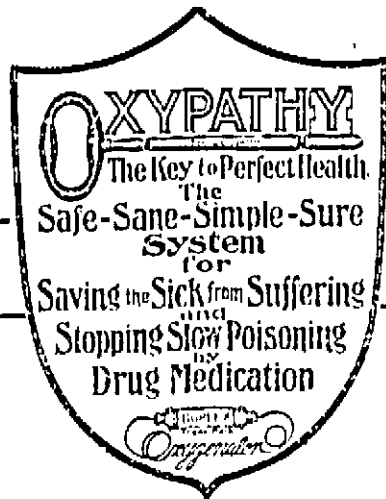

There is one thing that is a bar against knowledge and will keep one in everlasting ignorance, and that is contempt prior to investigation.

Investigation proves the Oxypathor the greatest and most perfect curative agent humanity has ever seen.

To pass "snap judgment" upon the Oxypathor does both it and yourself injustice and prevents you---for the time---securing its great benefits.

The Oxypathor is a perpetual paid-up dividend-paying policy for health insurance.

# THE THEATERS

## SCHUMANN-HEINK TO HAVE LARGE CROWD

Premise of Large Sale of Seats for Concert by Peerless Contralto at Myers Theatre.

Orders for tickets for the Schumann-Heink concert at the Myers Theatre Tuesday evening, April 25, continue to pour in at the Koebin store daily for Janesville people are quick to realize the exceptional opportunity offered them of hearing this queen of song at the same scale of prices charged for her concerts at the large Auditorium

for that has placed her at the head of all present day singers. A newspaper writer once said of the great contralto that she was "essentially human." Since then hundreds of others have repeated the assertion. And it tells a part of the story of the tremendous popularity of an artist who is none the less a musician because she is always a woman, with a keen sympathy for her fellow-beings.

That Schumann-Heink should stand in the same superlative position in the concert field that she occupied in opera is largely due to her personality, a personality which projects itself beyond the footlights. The moment she appears on the stage she seems to

mated according to one's worth for her honest work is respected, no matter what sort. In Germany one must have titles, riches and position to be anyone at all. Here I shake hands with every body, all are my friends. In the North, South, East and West I find good friends, and I increase their number every year.

"The House Next Door," deals with an important social problem in a humorous way and must be seen to be appreciated. The author, Mr. J. Hartley Manners, is a brilliant writer of dialogue and is excellent in characterization.

He has contrived a number of fine scenes from a strictly dramatic point of view which indicate superior talent. Introducing, as the play does, the interesting question, it does so in an instructive way and from the comedy standpoint in which the author offers it, afford a most pleasant evening's entertainment. This clever comedy is only surpassed in intrinsic merit by the excellent character acting of Mr. William W. Wong in the part of Sir John Cotswold, the proud but poverty stricken old English Baronet. This surprisingly wholesome comedy, which is a lesson to all mankind, will be seen at Myers Theatre Easter Monday, April 17th.

Mabel Harrison Improving. Blanche Ring recently played Sun Antonio, Tex., and the star of "The Yankee Girl" was the guest there of Mabel Harrison in the latter's bungalow. Miss Harrison became very ill early in the year, and Miss Ring was delighted to find that her friend is improving in Texas.

Miss Ring and Miss Harrison made several trips to the soldiers' encampment, and the two comedienne were acclaimed the daughters of the regiment by both officers and privates while "Yip-Addy" became the favorite song of the various military companies. When Miss Ring and her tent in June she will go to the Adirondacks for a month with Miss Harrison as her guest.

Daniel Boone on the Trail, a thrilling romance of pioneer days will be at the Myers Theatre, Saturday, April 15, matinee and evening. Daniel Boone is one of those soul stirring dramas that appeals to every man, woman and child who have in them one spark of patriotism.

Mr. Harris has mounted this historical production with scenery painted from photographs taken along the beautiful Kentucky River where Boone's interesting campaign took place against the Shawnee Indians. A number of Sioux Indians, loaned by Uncle Sam, from one of his reservations are used in the exciting scenes of the play. A pack of Albatrosses, a den of ferocious bears and Boone's famous trailing dogs are also worked into the different scenes and helps to give it the real atmosphere of pioneer days when our earlier settlers had to fight them by night and the howling savages by day.

The burning of Boone's cabin, the throwing of Elizabeth Zane into a den of bears and Boone's heroic fight for life with the hungry wolves, the surrender of Cornwallis and Washington's message to Boone are among the many scenes of this famous drama.

PLAYS AND PLAYERS. Adele Ritchie is to appear in London.

Lulu Glaser will be her own manager next season in a new musical play.

Paul R. Benjamin will have a stock company this spring at Knoxville, Tenn.

Helena Frederick will appear in a one-act romantic opera entitled "Gypsy Love."

Henry W. Savage is to give a professional matinee of "Everywoman" in New York shortly.

Maelyn Arbuckle may have dramatized for his use "The Prodigal Judge," a novel by Vaughn Kester.

Wagenhals & Kemper will produce a new comedy at the Astor Theatre, New York, next Monday. It is called "What the Doctor Ordered" and is by A. E. Thomas.

Edmund Brown is to star next season under the direction and management of Joseph Weber, in a play called "The Daughters," written by a Philadelphia minister.

Hilda Keenan, the daughter of Frank Keenan, is soon to appear in vaudeville in a sketch entitled "Barn." It is to be produced under the father's personal direction.

Fanny Mora, the younger sister of Helene Mora, is shortly to present an act in vaudeville similar to that of her sister's. She is said to have the same unusual contralto voice.

Mrs. Patrick Campbell has given up tragic roles for the present, to display her versatility in comedy. It is reported that she will play in "The Soul of Patricia," by Rudolph Bessler, the author of "Don."

"Behind the Scenes," Margaret Mayo's new play, will open in Rochester, N. Y., next Monday. Bertram Harrison is making the production. In the cast will be Edna Baker, Margaret McWade, Ray Fuller, William Abington and others.

From London comes the report that Madame Antonio de Navarro (Mary Anderson) is collaborating with Robert Mithens on the dramatization of his novel "The Garden of Allah." The play will be produced by the Lieblers at the New Theatre.

Charles J. Ross is seriously considering the establishment of a theatre in New York, where now vaudeville acts and sketches may be tried out for the consideration of managers, and where plays and players will thus have a chance of practically demonstrating their value.

Constance Collier has received a

battering offer from Sir Herbert Beerbohm Tree to play the leading female role in his Shakespeare revival this spring. Her acceptance of the offer depends upon whether the run of "Thais," in which she is playing the title role, is cut short by warm weather.

The New Theatre, in New York, has been leased to the Liebler Company at a rent said to be \$75,000 a year and twenty per cent of the profits. The first production made there will be "The Garden of Allah" on an elaborate scale. The lease is to be for a short time only, as the founders of the theatre contemplate giving grand opera there in a few seasons.

Elsie Janis Writes Play. Not satisfied with working herself into the star class by her singing and dancing, Elsie Janis has launched forth as a playwright. "A Star for a Night" is the name of the product of her labors and with her in the leading role it was staged for the first time at the Globe Theatre in New York on March 30th in a performance for the benefit of the Actors Fund. In spite of the fact that the author is only twenty-one, and this is her first attempt at playwriting, she knows about what to do with her characters and what to do with her drama. Over a score of people more in and out of view during the progress of this play, but they never trip over the skirts of the story and tangle it up, nor do they spend long speeches and philosophize at regular intervals. In fact, they all act like human beings, they talk in a light, understandable and sometimes a slangy way, and in every respect prove worth watching and listening to for a trifle more than two hours.

The Music Hall Girl. Often a production has nothing to recommend it except the mounting. Sometimes the play is the thing. Many times talent is wasted on a nervous drama or comedy. Seldom do all three desirable factors appear in the same work in equal degrees of worthiness. If a choice was made among these factors as they appear in that most pleasing force comedy, "The Music Hall Girl," it would be hard to decide, as all three factors have been made as perfect as a liberal management can make them. This jolly little farce is written with a pen steeped in wit and acted with a zest by players imbued with a spirit of artistic merry-making, and will hold the boards at the Myers Theatre Saturday, April 22, matinee and evening.

Some Brady Shows. For the season 1911 it is interesting to see the plans of William A. Brady in regard to the number and quality of the shows which he has under process of production and which he will put before the public. Grace George will be seen in new plays and in a revival of some of the old favorites. Robert Lorraine is to appear in "Man and Superman" and will attempt several new plays. Louis Mann will continue his two successes of the past season, "The Cheater" and "The Man Who Stood Still" and a great deal of speculation has been aroused by his selection of a new play, "The Dreamer," which is held to be one of the best things that could have been picked by this talented artist to hold its place among the foremost men of the American stage today. Success is bound to follow Leonard Harris in "The Game" and Douglas Fairbanks in "The Cub."

SPECIAL TERM OF THE COUNTY COURT. Judge Sale's Court Will Open for Special Term on the Eighteenth With Twenty-One Cases.

With a calendar of twenty-one cases there will be a special term of the Rock county court, beginning April 18th. The greater part of the work will be with claims and proof of will. So far there are none of the cases which will be contested. Following is a list of the cases:

Proof of Will. Mary McShane, Helen M. Sawin, Carlos Brown, George R. Leavitt, Louis F. Knapp.

Petition for Administration. Michael Furey, Catherine Furey, John Wlesian.

Petition for Guardian. Harriet Bartmes, Eleanor M. Mills, et al.

Citation. Thomas Barlow.

Claims. Sarah P. Davies, Elta M. Poernan, James Lindus, Dan Phillips, Foshole H. Simpson.

Executors Accounts. Augusta Marquardt, James Drummond, Hugh Dobbins.

Administrators' Accounts. Cornelius W. Murphy, Helen Johnson.

Real Estate Transfers. Timothy J. Sullivan to Jeremiah Sullivan, \$5,000; and 1/2 of NW 1/4 Sec. 34 and other land, Sec. 23-13.

Sophia A. Miller to Ezra Goodrich, \$33.00; pt. NW 1/4 Sec. 25.

Leslie R. Trent to Edmond F. Woods, \$4,400; pt. lot 2-6, original plat, Janesville.

Phoebe Ann Wright to Caroline Bergfeld, \$1,725; lot 16-1, Strong's 2nd add, Beloit.

Edna Pearl Wilcox Harris to Knute Thompson, \$7,000; NW 1/4 of NW 1/4 of NW 1/4 Sec. 28-14.

Michael Miso by Exr. to U. G. Miller, \$2,500; NW 1/4 of NW 1/4 Sec. 23-14.

Michael Miso by Exr. to Paul Kellogg, \$6,000; NW 1/4 of NW 1/4 Sec. 25-12.

W. H. Whitteet and wife to Ross C. Coon, \$1,850; pt. sec. 27-13.

Mary L. Ewing to Robert E. Horne, \$275; lot 2, Fisher's add, Evansville.

James C. Brown and wife to Thomas S. Biggar, \$1,000; pt. NW 1/4 Sec. 18-12.

South Janesville Improvement Co.

to Wm. J. Croak and Frances P. Croak, \$1; pt. NW 1/4 NW 1/4 Sec. 12-12, sub. to lease.

## THE MONEYLESS LAND

"Twice a dream a moneyless land— Nobody was begging with treacherous hand. Nobody was working over his bill. Nobody was striving to fill up his till. Nobody was plotting for profit and gain. Nobody was trading on hunger and pain. But every one there had a moneyless lot. Some said it was heaven, some said it was not. When any one asked a question they all did, in fact. He told for the pleasure he had in the act. Some crumbled and growled and were not seen to smile. Each did what he could for his fellows each day. But every one knew there was no coin for pay. The joy of achievement was all that he got. Home said it was heaven, some said it was not.

No bargains on Monday brought people downtown. No worrying debtors faced any one's frown. There wasn't a cent in the whole of the land. And some people thought the arrangement was grand. While others declared that no money to spend. Was simply a wearying, pleasureless end. No dollar sign there, nor a decimal dot. Some thought it was heaven, some thought it was not.

"Twice a dream that I had, and I waked at last. And mused o'er the vision with brows overcast. I can't understand it—some people were glad To do without money, and others were sad. Some people were happy with nothing to lend. Some people were sorry with nothing to spend. I can't give a name to that moneyless spot. Some said it was heaven, some said it was not.

Editor in Misfortune. The editor of the Walton News is confined to his bed. He is in perfect health, but his washerwoman got careless and let a cow eat up his other shirt recently.—Elberton (Ga.) Star.

Foley Kidney Pills contain in concentrated form ingredients of established therapeutic value for the prompt alleviation of all kidney and bladder ailments. Foley Kidney Pills are unobscure, tonic and restorative. Do not allow your kidney trouble to progress beyond the reach of medicine, but start taking Foley Kidney Pills at once. Refuse substitutes. Badger Drug Co.

Quest of Material. "I wish I had had a stenographer when I read that manager my play," said the determined dramatist. "Were his remarks so pleasant?" "No. But the profanity he used would have made some fine dialogue for one of those modern New York dramas."

A Sleuth. Police Officer—In order that the villain who caught and killed you in the dark may be tracked, we must set our police dog after him. So to trace the scent you must give Nero a kiss.

DR. EDITH BARTLETT. PHYSICIAN AND SURGEON. Office hours: 10 a. m. to 12 m., 2 p. m. to 5 p. m. Both phones in office. Residence phone 2054.

A. L. BURDICK, M. D. Practice limited to the diseases of the Eye, Ear, Nose and Throat. GLASSES CAREFULLY FITTED. Office 311 Hayes Block. Hours: 9 to 12 A. M., 2 to 5 P. M., 7 to 8 P. M., Tel. 468 New.

## FOR SALE Cut-Over Hard Wood Lands

### In Stanley Country, Wis.

An ideal dairy country, where climatic conditions are exceptionally good. Where good land is low in price. Men who go in for dairying in this country find plenty of tame grasses planted by the owners on all lands that have been cleared. Alsike and timothy grows in abundance. The land is rich, has good railroad facilities, roads, schools and other conveniences. The land is located on the S. M. & P., Soo and Omaha Railways, 128 miles from St. Paul, 138 miles from Minneapolis, 133 miles from Duluth and Superior and only 245 miles from Milwaukee. It is near big markets and is bound to double and treble in value.

### Prices Now Lower Than They Ever Will Be Again.

This land has greater possibilities than any land in Wisconsin. It will grow anything that Iowa or Illinois will grow. The soil is rich, there is plenty of pure water and more rainfall than in Rock county. Prices are \$12.50 to \$20.00 per acre. Terms of payment can be arranged for.

Any man seeking a new home will do well to investigate. Call and see me or write for folder giving information.

## F. L. STEVENS

Lovejoy Block.

MADAME SCHUMANN-HEINK, THE WORLD RENOWNED GRAND OPERA STAR, AT MYERS THEATRE, TUESDAY APRIL 25.

seating 3 and 4 thousand in the musical centers of the country. Attention is called to the fact that when Schumann-Heink appeared in Beloit last October every seat, good or bad, was \$2.00 whereas here the scale of prices permits her being heard for as low a price as 75 cents. The Janesville people who want to hear her paid \$2.00 a ticket, and 50 cents railroad fare. Schumann-Heink's guarantee is \$1250 so in order to meet this expense in the Myers Theatre with its small seating capacity, Mrs. Shepard has scaled the prices as low as possible. When she appeared in the northern Michigan cities the best

transfer to the audience something that binds them together in bonds of sympathy. And when she sings her effects are the keener because of this tie. This season Miss Schumann-Heink has been busier than ever, singing in all of the principal cities and in many small towns, where she is as popular as in the metropolises. There are just two reasons why Miss Schumann-Heink is proud of the fact that she is an American citizen. One is because she has been so eminently successful in her work in this country and the other because she loves America. Before she made her debut here in "Lohengrin" Miss Schumann-Heink was the premier contralto

SCENE FROM "THE HOUSE NEXT DOOR," SOON TO APPEAR AT MYERS THEATRE.

seats sold for five dollars. Janesville of Europe. Everywhere she was a people should encourage the bringing of her to her all honors of the great stars here and not think were given belittling occupying such a that in order to hear these singers high rank. "But all my luck, all my fortune, wakened. The surrounding towns will come to me here," said the diva in a he well represented in the large audience which will greet her. Schumann-Heink's personality is undoubtedly unique and is one of the fac-

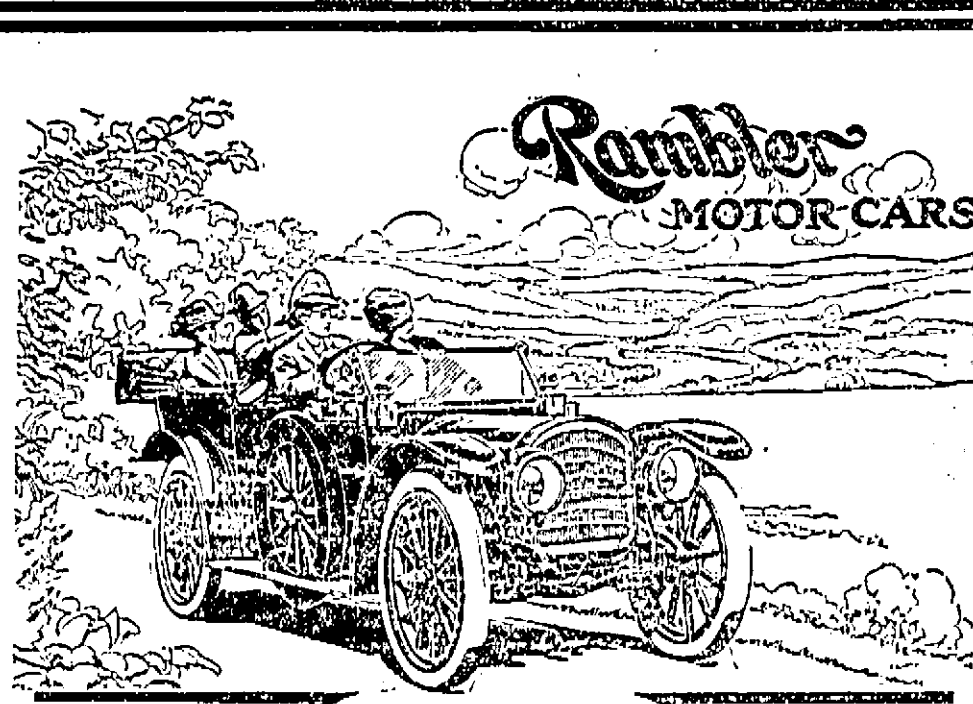

torious of the world. Everywhere she was a people should encourage the bringing of her to her all honors of the great stars here and not think were given belittling occupying such a that in order to hear these singers high rank. "But all my luck, all my fortune, wakened. The surrounding towns will come to me here," said the diva in a he well represented in the large audience which will greet her. Schumann-Heink's personality is undoubtedly unique and is one of the fac-

"There's a Reason"

Rambler Sixty-five Forty-inch wheels

COMFORT in the Rambler has been attained by careful study of owners' preferences. Forty-inch wheels, big tires, and 128-inch wheel base neutralize the inequalities of the road. Seven-eighths elliptic springs and shock absorbers soften the impact of the jolts and limit reaction. The distance between the seats and the floor is just right, and the steering pillar may be adjusted to suit the comfort of the operator. The leather and hair used for upholstery is that found in the finest club furniture. The Spare Wheel removes worry about tire trouble. The brakes, being larger than necessary, provide a feeling of security. The safety starting device protects you from injury while cranking. The off-set crank shaft and straight line drive enable slow driving on high gear in crowded traffic, and obviate the necessity of rushing the hard pulls through sand and up grades.

In principal cities, a telephone message to the Rambler representative will bring a car to your door for inspection. A postal will bring you the Rambler magazine.

M. L. O'NIEL.

Janesville, Wisconsin.

## SPLIT LOG DRAG FOR ROAD WORK

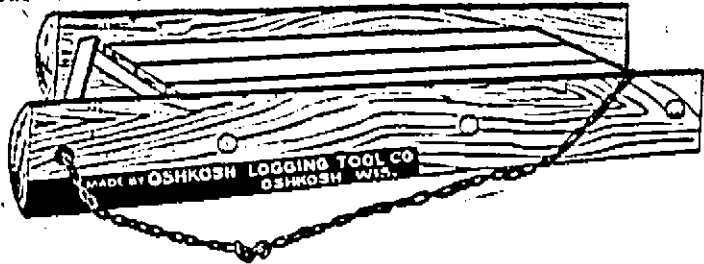

IMPORTANCE OF IMPLEMENT IN  
REPAIR OF HIGHWAYS  
IS TREATED.

### HOW TO GET BEST RESULTS

From Its Operation and Some of the  
Benefits Accruing from Its Use  
Are Presented.

Recent attention for good roads has resulted in the presentation of many new and improved methods for highway construction and improvement, among them being the split log drag. This has proven to be one of the best implements in road repairing and some of its important points and in which it may be used are of interest at this time.

The cut of a split log drag herewith

presented offers such a view of that much talked of implement for restoring and maintaining dirt and gravel roads that reference to it will greatly aid the reader in learning how and why the drag does its work. The Illinois is that of a drag made in strict accordance with the D. Ward King specifications. Mr. King, as the newspaper reading public knows, being the inventor of the split log drag.

As a matter of fact, the drag is so simple in construction and operation that anyone will readily understand and appreciate the fundamental truths of this formula for making good roads. While reading the explanation of the drag's work, frequent reference to the cut will aid in "getting the idea."

The team is "hooked" to the chain at the point indicated and when it starts off, the drag will follow at an angle of about forty-five degrees. On an ordinary road, one horse is driven on each side of wheel track to the right and back over the other wheel track. The ditch or right end of the front log, it will be observed, is shed with steel. This picks up a small amount of dirt which is moved along across the face of the drag toward the center of the road, while both logs smooth the surface.

Consideration of what this first treatment does will give a fair insight of the drag's work. In the first place, it levels the surface, by cutting off small elevations and filling in depressions. Secondly, it starts the crowding of the road, by gradually elevating toward the center, thus providing for the drainage. Thirdly, and this is the greatest work of the drag, it works or pushes the dirt, preparing a mixture of the mud and consistency and then leaves this mixture and pile out in the sun to be baked and hardened, thereby holding the particles together and reducing the dust nuisance.

Each trip brings the drag nearer to the center, which when reached will be rough and soft with the dirt which has been worked up there. The hitch is then changed, by moving the clevis to the left, so that the drag will move straight across this crown, or at right angles with the road. The driver gets off and the weight of the drag is sufficient to smooth this center.

The road now has been given its first treatment. Traffic will disturb the smooth, crowned surface and wheel tracks will mar it, but this will only serve to indicate where more filling and smoothing is to be done. No effort should be made to keep traffic off the road. It assists in packing the dirt where packing is necessary and in making the foundation. It also serves to show where further drag treatment is necessary. After a few draggings, there will be no cuts by trees or horse shoes. The next trip over fills in the ruts and wheel tracks, smooths the surface a little more, crowns a little more and works the dirt into the mud consistency for hardening. Eventually, the padding and the backing, provides a hard roof over the old road. It will look in places, but the drag picks up its own shingles and slaps them over the lanky places which it finds itself.

Dragging will benefit a road at any time, but it is best to work after a rain, when the drag will work better in front of the drag. It is then easier

to smooth off the high spots and fill in the depressions and the mud pie formation develops more quickly.

When the driver becomes used to the drag, he can manipulate it to meet varied road conditions. For instance, if he wants to cut deeper and pick up more dirt, he steps forward and to the right, forcing down the shed or ditch end. A still deeper cut may be had by shortening the hitch. The downward pressure will be taken off materially by stopping back and to the left, or if the hitch is lengthened by moving it to the left on the chain. With a little practice, the driver can change his position to cut deep, collect an excess of dirt, approach a depression in the road, and by again changing his position quickly, that is moving to the rear left end of the drag, dump the accumulation of dirt into the depression.

When used on a flat city street, the dragging is started as near the right side as possible. In this case the gutter is made first and the smoothing and crowding proceeds as on a country road with the two wheel tracks.

and organized and elected officers for the coming year. They promise to have a real lively team this year.

Mr. and Mrs. Peter Ott were at Monticello yesterday visiting with Mr. and Mrs. Will Voegel.

Mr. and Mrs. Gottfried Langacher went to Belleville yesterday to visit with the lady's parents.

## PROGRAM FOR THE EVENING SERVICE

Sunday School Will Have Charge of  
Easter Program at Evansville  
Methodist Church.

(Special to this Gazette.)  
Evansville, April 14.—The Sunday school will have charge of the evening service at the Methodist church on Easter Sunday and will give a program as follows:

Hymn.  
Prayer.  
Anthem.  
Selection by City Orchestra.  
Song by eight little girls.  
Song by eight little girls.  
Recitation by Myrtle Apple.  
Solo by Miss Madge Robinson.  
Exercise.  
The Crowning of Spring by little girls.  
Song by eight little girls.  
Reading by Miss Bern Hall.  
Solo by Miss Amy Richardson.  
Easter Song by Mrs. Porter's Class.  
Collection.  
Hymn.

Thirteenth Anniversary.  
A number of friends of Mr. and Mrs. G. W. Leyda spent a delightful evening at their home last night. The couple had been married just thirteen years and the guests were invited to assist them in celebrating the anniversary. A supper was served, covers being laid for fourteen.

Personal.  
Mrs. Hattie Boyd gave a talk before the student body of the high school this morning on the use of the library. Walter J. Taylor and little grandson, Walter Cartright, arrived today from Milwaukee, to visit the former's daughter, Mrs. Bert Baker and other relatives.

Mrs. Arthur Dayne was in Brookfield yesterday to attend a meeting of the Twentieth Century club. Mrs. Bert Bickel of Rockford, is visiting at the home of her parents, Mr. and Mrs. Allen Baker.

Mrs. Burr Tilles and little son will spend Saturday and Sunday as guests of Mrs. Lucie Pierce at Leyden.

Mrs. Fred Allen is clerking in the trunk store during the absence of Miss Horton, who is taking a vacation. The basket social given by the Epworth League at the M. E. church last evening was largely attended and everyone reports having had a pleasant time. They received sixty dozen eggs which they shipped this morning to Wesley Hospital in Chicago.

Mrs. Louis Apfel and daughter spent Thursday with relatives in Beloit. Will Hamilton of Baraboo, is visiting at the home of his father.

Harold Lewis and Mr. Jones were business visitors in Edgerton Wednesday.

Miss Ellen Hall of Janesville, is visiting here as the guest of her brother, Robert Hall.

## MONROE TEACHERS WERE RE-ELECTED

Nearly All Monroe Pedagogues Re-Ap-  
pointed to Positions With In-  
creased Salaries.

(Special to this Gazette.)  
Monroe, April 15.—Prof. G. B. Haver-  
son has been re-elected superintendent of the schools here at a salary of \$1,750. The board of education also retains all of the old force of teachers in the schools, at advanced salaries, with the exception of Misses Kate Post and Martini Marsh, of the high school, who are not candidates for reappointment, and Miss Mina Wilson, teacher in the East school building.

Stintment of the board is in favor of discontinuing the position of drawing and penmanship teacher, which office was held by Ferdinand Ingold, the past year, and have the teachers give this instruction in their separate rooms. Miss Gardner, teacher in music, was not re-elected at the special meeting called to take up the election of teachers, but will probably be given the same position next year. Action on the appointment of librarian has also been deferred.

Local News.  
Paul A. Roe is fitting up the basement of his place of business and will engage in the manufacture of ice cream, which product he has hitherto imported here from Rockford. A

steel ceiling will be put up and electric motors will be used for the power. An experienced man will be in charge of the department.

Hereafter registered mail will not be held in the local postoffice over night, but will be dispatched on evening trains the same as the regular mail. The matter was taken up and authorization granted for the dispatching of registered mail for earliest delivery.

D. H. Higgins, Albin German and G. F. Steinhilber are trying their luck at trout fishing near Blanchardville.

The Pease brick works, which have been lying idle for a few years will be operated this season, preparations for starting up the plant being now in progress.

Mr. and Mrs. W. W. Chadsick left this morning for Excelsior Springs, Mo., where they will sojourn for a month or more.

AFTON.  
Afton, April 14.—Tom Tracy from Janesville, was here one day this week.

There will be Easter services at the Baptist church Sunday.

Edler Brinkman has returned home from Chicago, where he has been visiting relatives.

Mrs. E. C. Cold is visiting relatives and friends in Chicago.

Mrs. Gus Holliday is on the sick list.

Mr. Shoemaker was down from Janesville to see his sister, Mrs. Schultz who is seriously ill.

Howard Lakley, Elliot Brinkman and Lyall Seales were Hanover callers this week.

## ORATORICAL CONTEST OF LITERARY SOCIETIES OF COLLEGE AT MILTON

(Special to this Gazette.)  
Milton, April 14.—The eighth annual oratorical contest of the literary societies of Milton college will be held on Thursday evening, April 20, in college chapel. The orators are by the members of the Junior and Sophomore classes and prizes of \$20, \$10 and \$5 will be awarded. Music by the college orchestra.

AVALON.  
Avalon, April 14.—Miss Gladys Hansen was surprised Saturday afternoon by her schoolmates, about twenty of them being present. A pleasant afternoon was spent playing games, after which an elegant supper was served.

T. F. Johnson of Alexandria, South Dakota spent a part of the week with his brother-in-law, John Vaughn, and family.

Robert Reid had the misfortune to lose one of his full-blooded horses on Wednesday.

Wm. Waugh and T. F. Johnson went to Watertown to visit their mother, Mrs. B. Waugh.

Mrs. C. E. Smith of Beloit spent Tuesday with her parents, Mr. and Mrs. J. T. Boynton.

George Irish spent the weekend with his sister, Mrs. Wm. Morton of La Prairie.

The Misses Florence and Helen Barless, Elizabeth McArthur and Anna Huska of Emerald Grove visited school Tuesday afternoon.

Sheriff Hanson and daughter, Bonah, visited relatives here Wednesday.

## THE GREAT NEW WEST IS CALLING YOU

# A Story of the Golden West

It reads like a fairy tale. It tells of a new country where the land is cheap and money can be made easily. Why pay \$100 to \$150 per acre for Rock County land when you can get better land for about one-tenth the price?

Read the following statement of facts, truthful in every detail, so you may see for yourself the possibilities for you in this great West.

No Doubt as to the Safety of the Investment

No better investment can be made than in farm lands. Land is tangible. It can not get away. It cannot hide. It is there and nothing can keep it from advancing in price. It is estimated that 1,000 people a day are passing through Winnipeg on their way to lands in every direction. This influx of settlers alone will cause the price of land to advance. All farmers know more or less about Canada but they do not know that Canada is larger than the United States. It has many Provinces and some of them are larger than states. Such a Province is Manitoba, larger than Wisconsin, it has as its capital and largest city Winnipeg, which promises to be the Chicago of the north and is the commercial gateway of Western Canada.

### Location and Advantages

The Dauphin Lake country, where our land is located, is just 140 miles from Winnipeg and occupies about the same position as does Rock County to Chicago. The climate is much milder than our Rock County climate, owing to the elevation which, being much higher, gives a milder and more even temperature. The average temperature during the growing season is from 60 to 66 degrees and having a great abundance

## FORTY YEARS AGO

The Janesville Gazette, April 15, 1871.

Attempted Burglary.  
An attempt was made by a burglar to enter a house in the first ward, on Thursday night but the thief was frightened away by the snapping of the cap of a gun leveled at him by the owner of the premises he was endeavoring to invade.

Fires.  
An alarm of fire proceeding from a house in the first ward, brought out the department last night about ten o'clock. The flames were extinguished before the engines reached the spot.

Fox Hunt, in the fourth ward, took fire this morning but the fire was extinguished with buckets and no alarm was given.

Grain Receipts.  
About two thousand bushels of grain have been sold in the market today, wheat bringing from \$1.20 to \$2.25. Buyers anticipate heavy receipts next week, as prices are up, roads good, and the early spring work of our farmers about completed.

Brief Items.  
A white frost covered the ground this morning.

Many of the farmers in the southern part of the state will begin corn planting next week. A large area will be devoted this season to the growth of that plant than for a number of years past.

## AN OLD REMEDY

Beef, Iron and Wine is one of the good old remedies that has outlived a score of patent tonics, reasonable in price, a satisfactory tonic, appetizer and mild stimulant. There is nothing better for that tired, worried, listless feeling or run-down condition of the system after illness of any kind. It tones the whole system, stimulates digestion, gives you appetite, is a good iron tonic for weak, pale children or old people, far more effective than mild extracts or so-called wine of cod liver oil that depend upon their stimulants alone. Beef, Iron and Wine tones and sustains, it enables nature to recuperate, it's a food to the sick and nursing mothers.

Mr. Fleming, our Graduate Pharmacist and Chemist, prepares our Beef, Iron and Wine. It's always fresh, made from the very best extract of beef, wholesome, properly aged sherry wine and soluble iron.

We don't sell ready-made, hand-made, factory-manufactured Beef, Iron and Wine. We believe and know that medicine should be compounded only by the experienced and scientifically trained.

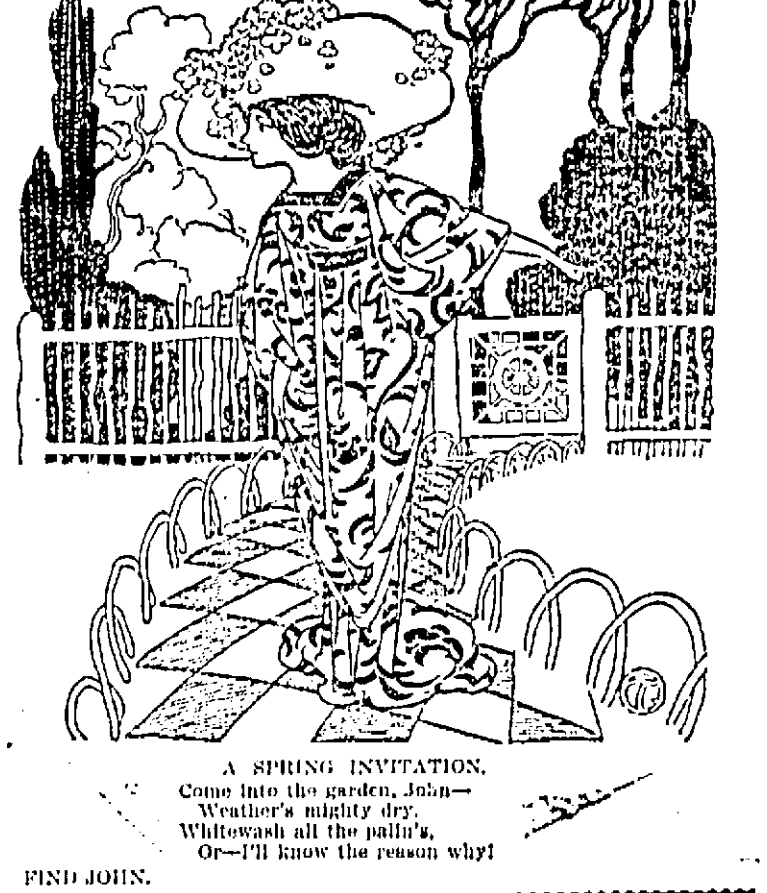

Try a bottle of our Beef, Iron and Wine as made by Mr. Fleming, it's a full pint. Note its wholesome taste and invigorating effect. You will be more than satisfied. Get it at the Dauphin Drug Co., Milwaukee and River St. The drug store that makes a specialty of drugs.

But Not in Real Money.  
Every town has a millionaire, and some of them are really worth as much as \$20,000.—Topeka Capital.

Mind Dull?

## Peps-oda

will sharpen it

A SPRING INVITATION.  
Come into the garden, John—  
Weather's mighty dry,  
Whitewash all the palins,  
Or—I'll know the reason why!

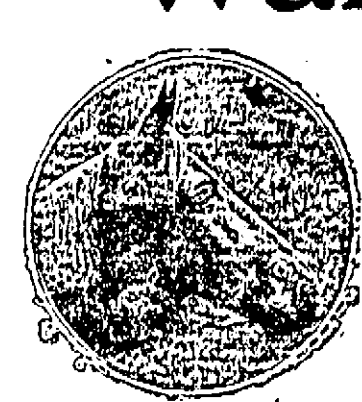

Electric Shovel the Better.  
The advantages of an electrical shovel over a steam shovel have recently been portrayed, showing that wherever electricity is available at moderate rates, the electric shovel is much to be preferred. One of the great objections to the steam shovel, says the Scientific American, is the fact that the expense of a fireman must be paid, and the fuel, as well as the water, have frequently to be carted for a very long distance.

National Need.  
Now, if some one will invent an endless shirt to go with the endless necktie, and some kind of a collapsible nightgown to fit the vest pocket, for use when you are ordered suddenly to leave town, life will resume its grand, sweet song.

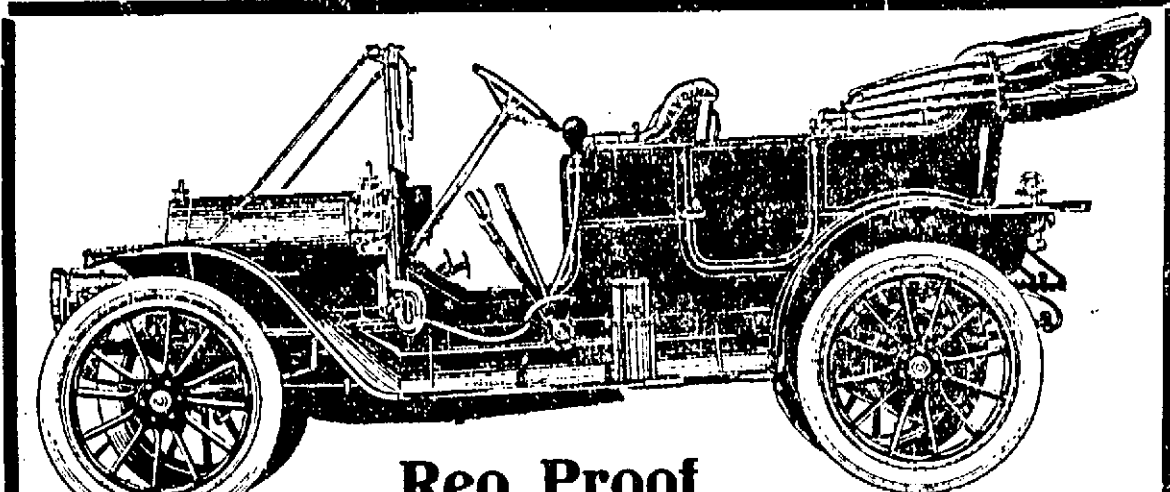

British Justice "Makes Good."  
London for the last several months has been suffering with an epidemic of rats and spots and crooked bakera just as we have here. But the British magistrates have fairly burnt up rotten egg offenders with severe fines and imprisonments.—New York Press.

## 100 Horses Wanted

Bring in your horses. Sale day Tuesday, April 18th. I will be at the Farmer's Rest on Franklin St. Will pay highest market prices for all kinds of horses.

H. LEVY

## Reo Proof

Every Reo every year has proved itself good and plenty; but see what the 1911 Reo did—within two short months of its coming out!

CROSS THE CONTINENT. The Reo beat the record of a \$4000 six-cylinder car by nearly 5 days, making the terrible trip in 10 days 15 hours 13 minutes. And not a wrench touched to the Reo engine.

HILL CLIMBING. 24½ miles up Mt. Hamilton in 1 hour 5 minutes, beating previous record by 10 minutes.

RACING. Beat a well-known racing car by 10 miles in a 50-mile race out in Denver. Speed 51½ miles an hour. Beat all comers in a 10-mile race 13 minutes 52 seconds.

Can you beat it at \$1250? Can you beat it even at \$3000? Fore Door \$1300 including Wind Shield.
